U.S. MAY BAR CANADIAN MIGRANTS FOR TWO YEARS

Sweepstakes Tests Will Cause Courts of Canada To Set Precedent Many Seek In Vain To Congratulate Sweepstake Winner

Numerous Citizens Try to Voice Good Wishes to A. P. Dawe, \$409,520 Prize Winner in Vancouver, But He and Family Slip Out of City and Leave No Address, Wishing to Avoid the Crush; Federal Justice Department Officials Say There Has Never Been Court Ruling on Section 236 of Criminal Code.

Canadian Press
Vancouver, Nov. 24.—A. P. Dawe, a fugitive from this city in order to escape the attentions of hundreds who want to congratulate him on his luck in winning \$409,520 in the Dublin Hospital Sweepstakes can rest content to see that part of his newly-found wealth will be seized from him by taxation departments.

"Canada will not tax the amount won by Mr. Dawe," an official of the Federal income tax branch stated today.

Even if Canada and British Columbia were to decide to take a toll from Mr. Dawe's windfall, he could escape payment by moving to Ireland, or go and live in that country.

"Of course, if the money entered England, it would be taxable," Mr. McAlpine stated.

CAPITAL INCREASE
The reason for the view of the Federal and Provincial Governments in the matter is that the sum is regarded as capital income, and not as income from the \$409,520 will, of course, be subject to the usual income tax.

Mr. McAlpine is not of the opinion it would be possible for an informant to wrest Mr. Dawe's money from him by virtue of an old section of the Criminal Code.

"But we are not taking any chances," he said in explaining why Mr. J. Dawe had started a suit against his brother as first informant.

The departure of Mr. Dawe and his family was made Saturday afternoon after he had suffered an unceasing barrage of telephone calls and visits. The destination of the Dawes was not announced.

Ottawa, Nov. 24.—Officials of the Department of Justice seem to be just as much mystified and surprised as the general public over the launching of a court action to attach the winnings of a Victoria, B.C., man in a recent sweepstake.

The action was taken by Charles E. Sonley, accountant for the Land Settlement Board of British Columbia, against Arthur Cann of Victoria, who won \$7,397 in a lottery. A forgotten section of the Criminal Code was used which has the effect of allowing to any man who takes action under it the money won by another in a lottery or sweepstake.

Officials of the Department of Justice have been studying the Criminal Code and the one section in particular ever since they learned of the case being started. The very existence of the section was a surprise to some of them, but they were unanimous in saying its true interpretation had never been set by any Canadian court.

Because of this fact, they were unable to say to-day whether the section applied to the winnings of a lottery which was conducted outside.

HARBOR GIVES UP BOY'S BODY

Inquest on Bobby Duncan, Drowned November 2, to Be Held To-morrow

Dragging operations in the Inner Harbor for the last three weeks were brought to an end this morning with the finding of the body of fourteen-year-old Bobby Duncan, of 45 Erie Street, who was drowned November 2 near Johnson Street Bridge.

An inquest will be held to-morrow morning at McCall Bros' Funeral Home, starting at 10 o'clock, Coroner E. C. Hart announced.

The body was found floating near the C.P.R. baggage wharf this morning about 9 o'clock. It was removed to McCall's after police were notified.

Police have been dragging the harbor bottom daily in search of the body, but their efforts were without success.

The lad was drowned after a boat in which he was with two companions was capsized.

POSTMEN GET CHRISTMAS AT HOME

For First Time Mail Carriers Will Spend Yuletide With Families

Mail For Europe Should Be Posted Before End of Week

Mail deliveries of Victoria, in common with all others in Canada and the United States will this year be able to spend Christmas Day quietly with their families for the first time in many years, G. H. Gardiner, postmaster of Victoria announced this morning.

No more will mail carriers be forced to tramp miles delivering Christmas cheer and greetings while other people celebrate.

This ruling will apply throughout Canada, Mr. Gardiner states, and people of the Dominion, in mailing letters and packages this year are asked to remember this and so post a day earlier than they would if there were a delivery on Christmas Day. There will be no delivery in the United States on Christmas Day either this year.

Christmas mails for England, Scotland, Ireland and other countries of Europe should be mailed this week.

Mr. Gardiner advised this morning that parcels and packages for Europe should be posted before the end of the month. First Christmas mails for the continent will be forwarded aboard the liner Duchess of York, leaving St. John, New Brunswick, on December 5. Mails for this sailing will close in Victoria at 1.15 p.m. on November 28.

Mails closing in Victoria on December 1 at 3.15 p.m. will catch the German liner Bremen from New York early in the morning and will also reach Europe in time for Christmas distribution.

Treasures Take Big Slice Of Sweep Winnings

Income Tax Collectors Gather Percentages on All Prizes

Two Governments Will Tax Dawe's \$409,520 If He Brings It To Vancouver

Government treasures are being swelled as a result of sweepstake winnings, and the closeness with which income tax collectors are keeping track of them.

Although it could not be learned to-day just what the Provincial Government would collect this year by way of income tax on the various sweepstakes paid to residents of British Columbia, it is known that the total will be considerable.

The total will be greatly increased, however, if A. P. Dawe of Vancouver brings to British Columbia the \$409,520 he won in the Dublin Hospital Sweepstakes on Saturday. The Dominion income tax collectors will take about twelve per cent off it as their share.

Following the British Columbia's treasury will take eight per cent. All sweepstakes winnings are subject to income tax, Deputy Finance Minister Johnson explained to-day, and the department checks up on the winners and takes its proportion just as soon as the winner and the amount are made known.

Arthur Cann, who won \$7,397 in a local sweep, and which is now claimed as his reward by Charles E. Sonley under the lottery informer clause of the Criminal Code, has had to pay both Dominion and provincial income tax on his winnings.

Relative of Mr. Cann said to-day that although half his winnings are tied up under garnishee order as a result of the court action taken by Miss Sarah Gibbs, who claims she had gone "fifty-fifty" with him on the winning ticket, he may take advantage of the other half, after paying income tax, to see some of the world.

Earl of Harewood May Be New Governor-General

Ottawa, Nov. 24.—Reliable reports reaching Ottawa from England indicate either the Earl of Athlone, retiring Governor-General of the Union of South Africa, or Viscount Lascelles, only son-in-law of King George and Queen Mary, will be the next Governor-General of Canada," said The Ottawa Evening Citizen in a feature story to-day.

The term of Viscount Willingdon as Governor-General will expire August 5 of next year.

The Earl of Athlone is a brother of Queen Mary.

The Sixth Earl of Harewood (formerly Viscount Lascelles) is the husband of Princess Mary.

The Citizen said it was understood on good authority that Premier Bennett consulted with King George regarding Viscount Willingdon's successor while in England attending the Imperial Conference, and thus a definite announcement in the matter might be expected in the near future.

The Duke of York, second son of the King and Queen, has often been mentioned as the next Governor-General of Canada. The possibility of his leaving England for a five-year period, however, is considered in high Government circles here as being very remote.

WARD TWO LIBERALS MEETING WEDNESDAY

The annual meeting of Ward Two, Victoria Liberal Association, will be held at the Liberal rooms, corner of Government and Broughton Streets, on Wednesday evening at 8 o'clock. The business coming before the meeting will be the election of officers for the ensuing year. Short addresses will be given. The meeting will be followed by a few pleasant hours of dancing and cards. Refreshments will be served.

Mrs. Bruce, Famous Aviatrix, Here Dec. 12

Victoria on December 12 will have an opportunity to greet Mrs. Victor Bruce, British aviatrix (above), the only woman who has ever flown a plane from England all the way to Tokyo, Japan.

The news came to-day in the following dispatch:

Tokio, Nov. 24.—Mrs. Victor Bruce, escorted by several Japanese airplanes, landed to-day at the Tachikawa Airfield from Osaka, ending a flight for England to Tokyo.

A large crowd gave her an enthusiastic welcome. Metajiro Keizumi, Minister of Communications, whose daughter presented a bouquet to the flier, represented the government.

Mrs. Bruce left England in September.

The aviatrix announced she would sail for Canada December 4 aboard the liner Empress of Japan, scheduled to arrive at Victoria and Vancouver, B.C., December 12.

Mrs. Bruce said she planned to fly across the North American continent, stopping at New Albany, Indiana, where her mother lives. She said she might also fly to South America, but her plans for that undertaking were indefinite.

She is the first woman to span Europe and Asia by air. She asserted she began learning to fly only two months prior to the departure from the Croydon Airfield for Japan. She made the 10,000-mile flight in short stages, by way of India, China and Korea.

SALES EXPERT IS CHOSEN FOR WHEAT POOL

Announcement of Appointment of J. I. Macfarland Awaited

Ottawa Reported Ready to Aid Banks If Early Wheat Price Slump Comes

Canadian Press
Ottawa, Nov. 24.—Any statement in respect to the reports that the Federal Government had agreed to get behind the banks in any immediate steps the banks might take to assist the wheat pools should come either from the banks or the wheat pool, Sir George Perley, acting Prime Minister, stated to-day when the reports were again referred to him.

The same applied to the report that J. I. Macfarland of Calgary had been named head of the central selling agency of the Pool. Sir George expressed surprise no announcement had yet been made with respect to Mr. Macfarland.

The impression here is that the Federal Government stands ready to support the banks should a slump in wheat prices occur between now and the return to Canada of Hon. H. B. Bennett early in December, when the question will be reopened and the proposals of the prairie premiers will be reconsidered.

Three main proposals were made by the premiers, it is understood. One was to fix the price of No. 1 Northern wheat at 20 cents a bushel. Fort William wheat at 19 cents.

F. W. TOWNSEND DIES SUDDENLY

Well-known Transportation Man Collapsed While Shaving Sunday

Collapsing suddenly while shaving at his home, 1324 Foul Bay Road, Francis William Townsend, well-known in transportation circles, dropped dead yesterday afternoon. He had been a resident of this city for twenty-four years and at the time of his death was vice-president and director of the Veterans' Sightseeing and Taxi Company, operating the Blue Line of buses, which he joined in 1925.

Born in Chadlington, Oxfordshire, England, sixty years ago, Mr. Townsend came to Canada as a young man and participated in the Yukon gold rush in '96. For some years after coming to this city he was employed with the Victoria Transfer Company, subsequently going into the motor transportation business for himself. Two years ago he toured Canada and the United States by car to find out all he could about the latest methods of motor transportation. Mr. Townsend was also the owner of the Cromby Park Dairy at Mount Talmie, which is now operated by his son. A notable sportsman, the late Mr. Townsend was known throughout the province as a big game hunter.

He is survived by his widow, two sons, James and Vincent, a daughter, Gladys, at home, one brother in Victoria and one in England.

The remains are resting at the B.C. Funeral Chapel where services will be held on Wednesday at 2 o'clock. Interment will be in Rose Bay Cemetery.

OLD MONTREAL SCHOOL BURNED

Montreal, Nov. 24.—Montcalm Academy, one of the oldest school buildings in Montreal, was gutted by fire yesterday evening with a loss of \$200,000, the Montreal Catholic School Commission announced.

The theatre is leased and operated by the Circuit Theatres Limited, W. P. Nicholls manager. It was closed shortly after 10 p.m. yesterday, and at that time everything was in order, according to statements of employees.

EUROPE AND SEAS SWEEP BY BIG STORM

Losses Reported in Large Area; German Ship and Crew Believed Lost

Large Section of Paris Is Menaced as Seine River Rises Rapidly

Paris, Nov. 24.—A heavy rain early to-day forced the Seine, already nearly out of its banks, up nineteen inches, seriously endangering a large section of Paris.

SHIP UNREPORTED
Cuxhaven, Germany, Nov. 24.—Fear was entertained to-day that the German steamship Louise Leonhardt, from Hamburg with a cargo of potatoes for the United States, was lost with all hands in a gale in the Elbe estuary. The vessel carried a crew of thirty.

The Louise Leonhardt became disabled and stranded on Cross-Vogel sandbank, near the Elbe No. 1 Lightship. Lifeboats received no answer to their wireless calls and could not locate the vessel.

BIG AREA SWEEP
London, Nov. 24.—Furious gales accompanied by torrential rainstorms lashed the continent of Europe to-day, as they had Saturday and Sunday, taking at least nine lives, inflicting serious injuries on hundreds and wrecking havoc in France, Belgium, Germany and Austria.

Two steamships caught in the gale which swept the English Channel were almost driven on the rocky coast, but escaped disaster under their own power after several rescue vessels had gone to their aid.

The Greek steamers Tifon and Tacharlis got into trouble off Portland, but ran clear of danger as the wind abated.

Belgium appeared to be the heaviest suffered. Her low countryside was inundated when swollen rivers topped dikes and overran the fields.

A wind of hurricane force swept Vienna, where killed, twenty-two seriously injured and many others slightly hurt.

FRENCH AREAS FLOODED
The French rivers were flooded, and France was under water from Havre to Paris. Navigation was stopped and such vessels in the Seine as could not find shelter were damaged or sunk. One girl was reported drowned.

Germany was hard hit. In the south the Rhine and Moselle overran their banks, driving thousands from their homes to higher country. At Friedrichshafen, home of the Graf Zeppelin, and throughout the Lake Constance region, hurricanes worked tremendous damage.

Bolling seas in the Elbe estuary breached a dike and submerged a wide stretch of low-lying country and the village of Netelberg, which was crippled had built. More than 100 homes were submerged.

A large number of inhabitants of the flooded village fled, others taking refuge in the attics.

\$8,700 THEFT ATTEMPT BY TRIO ALLEGED

Two Men and Woman Face Charge Here; Bunco Trick Is Alleged

Attempted theft of over \$8,500 by means of "bunco" methods is alleged against two men and a woman who appeared before Magistrate George Jay in City Police Court this morning.

The three, who are charged jointly, gave their names as James B. Blackman, Art J. Smith and Olive McKenzie.

They are charged with attempting to steal the sum of \$8,763.33 from Reginald Pearce. No plea was entered and a remand was granted until to-morrow to give the accused an opportunity to secure counsel.

Smith, who asked that bail be set for the woman, said she was only with the pair accidentally when they were arrested and was not implicated. The matter of bail was deferred until to-morrow.

City Prosecutor C. L. Harrison said the prosecution would allege that the woman was working with the men. The theft had been attempted, he said, by the old bunco trick by which the informant's confidence was gained. No money had been obtained, however, although the informant had been persuaded to send away for some cash.

The trio was arrested by Sergeant Bob Owens of the Provincial Police and Chief Fry yesterday evening.

SHOW PLANT SMASHED IN VANCOUVER

Canadian Press
Vancouver, Nov. 24.—Forcing entry into the Fairview Theatre on Granville Street here early Sunday morning, vandals demolished all projection machinery and the cinema screen. The damage amounts to approximately \$7,000, according to police, who to-day were making a thorough investigation.

Employees who visited the theatre at 4 o'clock yesterday afternoon found a padlock on the front door of the theatre had been broken and the door opened. A padlock on the door of the projection room had also been smashed. The projection room was completely wrecked. Modern machinery was a mass of twisted metal, a heavy hammer apparently having been used to demolish the apparatus. A screen, which had been recently installed, had been ripped and slashed.

OPERATED BY CIRCUIT
The theatre is leased and operated by the Circuit Theatres Limited, W. P. Nicholls manager. It was closed shortly after 10 p.m. yesterday, and at that time everything was in order, according to statements of employees.

LITVINOFF HURRIES HOME TO MOSCOW

Soviet Foreign Minister Denies Trip From Geneva Caused By Disorders in Russia

Confers at Milan With the Soviet Ambassador to Italy

Geneva, Nov. 24.—Maxim Litvinoff, Soviet Minister of Foreign Affairs, hurriedly left Geneva this morning, taking a train for Milan, where he planned to interview the Russian Ambassador to Italy.

After a conference there he is scheduled to proceed to Moscow by way of Berlin. Wanda, accompanying him, has a share in the proceedings here of the Preparatory Disarmament Commission of the League of Nations, in which he has been taking a prominent part.

The Commissioner, at his departure, denied his leaving had anything at all to do with alleged disturbances in the neighborhood of Moscow and Leningrad, and he repeated there had been no such disturbances.

"Boar's Head" and "Yule Log" Will Mark Annual Christmas Festival Here

H. F. Matthews Says Advertising Started to Bring People to Coast

H. F. Matthews, general manager Canadian Pacific Railways western Hotels, arrived in the city this morning from Winnipeg, accompanied by his secretary, Harry Porteous.

The Yuletide Festivals in somewhat abbreviated form, will be observed here during the forthcoming Christmas season, it was announced by Mr. Matthews to-day.

The Canadian Pacific Railway has done a great deal to popularize the Yuletide season in Victoria and a vast amount of advertising is being done all over Canada and the United States in an effort to induce people to come here during the winter months.

WIDE CAMPAIGN ON
A very active advertising campaign is now in hand, according to the western hotel manager.

During Christmas week the Empress Hotel will be the scene of a number of interesting entertainments.

Traditional pageantry will be featured on Christmas Day with the customary Boar's Head and carols and the bringing in of the "Yule Log" at the Christmas dinner. This will be followed by a ball in the Crystal ballroom.

Lieutenant-Governor Bruce and Miss Mackenzie will be guests at the Christmas dinner. The annual Christmas Ball, sponsored by the Imperial Daughters of the Empire, will be held as usual during Christmas week.

CANADA'S NEW MINISTER TO U.S. NAMED SHORTLY

Canadian Press
Brantford, Ont., Nov. 24.—"I am just as likely to accept an appointment to Timbuctoo as I am to Washington. That is all I have to say."

Such was the reply of Col. the Hon. Henry Cockshutt, former Lieutenant-Governor of Ontario, when questioned by the Canadian Press to-day with respect to a dispatch received from Washington in which he was named as a possible successor to Hon. Vincent Massey as Canadian Minister to the United States.

A Canadian Press dispatch from Washington told of a rumor there that Col. Cockshutt would be Canada's new Minister to the United States.

The dispatch said in part:

"Some officials of the United States Government expect the post, vacant since last June, will be filled soon by a Canadian. The name of Col. Cockshutt is being mentioned as the one being based on the belief promised consideration of the St. Lawrence waterway project will bear fruit."

"The St. Lawrence waterway is the question of the moment between Canada and the United States. President Hoover's administration, always favorably disposed toward the project, may now find at least three considerations to reinforce its attitude, namely:

"A forward step in the matter of the St. Lawrence would bolster Republican influence in the midwest and western states at a time when Republican stock is selling off.

"The Senate, which must ratify any treaty made with Canada, is supposed, under nominal Republican control and with support from western insurgents and some Democrats, to be not uniformly disposed toward the project.

"The beginning of work on the St. Lawrence waterway would be in line with the Hoover policy of stimulating unemployment by placing the programme of public works."

DO-X BROUGHT INTO GENEVA ARMS DEBATE

French Spokesman Tells Disarmament Delegates Big Planes War Menace

Canadian Press
Geneva, Nov. 24.—A picture of the DO-X, great motorized German flying boat, armed and equipped as a bombing plane and a formidable weapon of war, was drawn for the Preparatory Disarmament Commission of the League of Nations today by Rene Massigli, French representative.

WAR MENACE SEEN

M. Massigli's introduction of the DO-X into the proceedings came in the course of discussion of his contention that a highly developed civil aviation arm constituted a powerful aggressive war menace. He cited a recent interview with a member of the crew of the DO-X, who said the giant plane could become a formidable weapon of war, capable of dropping bombs on London, Paris, Rome or other capitals.

MANY SEEK IN VAIN TO CONGRATULATE SWEEPSTAKE WINNER

(Continued From Page 1)

Canada. They referred to the case of A. P. Dawe of Vancouver, who won \$409,520 in the Dublin Hospital Sweepstakes last Saturday, and said the section of the statute would not apply, if it should apply at all, until the DO-X actually came into Canada.

"Of course," they added, "Mr. Dawe need not bring the money into Canada, if he is at all dubious of the law."

The history of the statute was traced by one high official of the department, who said it had been copied directly from the British code. The English act was passed originally in 1730 in the reign of George II. Its author had in mind the stamping out of lotteries, sweepstakes and other forms of gambling, and imagined that if he put a premium on informing, he could accomplish that purpose. In 1892 the section was copied into the Canadian code and seems to have been forgotten from that day until now. Officials of the Justice Department will be in the Victoria plaintiff's intra vires.

The suit against Mr. Dawe is in the name of his brother, M. J. Dawe, while Mrs. Walker has filed the action against her husband, G. L. McAlpine, city barrister, is handling both actions.

TWO VANCOUVER SUITS

—Vancouver, Nov. 24.—To-day there are on the court list here, awaiting hearing, two suits, brought by next of kin under the same law by which Charles E. Sonley, Victoria, seeks a \$7,370 sweepstake prize won by Arthur Cann. The suits here were launched Saturday against A. P. Dawe, Vancouver garage proprietor, who won \$409,520 in the Manchester November Handicap, and A. Walker, seller of the winning ticket, who expects to reap between \$12,000 and \$17,000 for his salesman's share.

Both suits, however, are of the "protective" sort, and have been brought in the event British Columbia courts should rule the old statute invoked by the Victoria plaintiff is intra vires.

The suit against Mr. Dawe is in the name of his brother, M. J. Dawe, while Mrs. Walker has filed the action against her husband, G. L. McAlpine, city barrister, is handling both actions.

Two months ago Mr. Dawe purchased the ticket, which won second prize in the Manchester November Handicap, from Mr. Walker, paying \$250 for it. The ticket was on Coligny II, which finished second in the race Saturday.

Saturday afternoon, Mr. Dawe and his family left the city for an unannounced destination. But throughout the afternoon and evening, hundreds of people called at the garage and filling station at McDonald and Broadway, and also paid visits to Mr. Dawe's two suits filed.

Vancouver, Nov. 24.—Promptly on the opening of day of the B. C. Supreme Court Registry at the courthouse here a writ was issued by Mrs. Elizabeth Virgo, Nelson Street, against her husband, Charles Virgo, claiming, under Section 236 of the Criminal Code, a sum of nearly \$10,000 he won last spring in a British Columbia sweepstake.

Similar to the actions centred about the \$409,520, won by A. P. Dawe, the suit of Mrs. Virgo is a friendly one. She sues to forestall somebody else claiming the money.

\$1,000 ACTION

A \$1,000 prize, won November 13 by Mrs. Florence Amy James, was claimed in a writ issued against her to-day by C. L. McAlpine on behalf of Lyle M. Skayman, litigation in this case, also was prompted in the defendant's interest, it is said, to prevent somebody claiming the fund.

No decision has yet been announced whether there will be any contest in the actions, five of which have been started here within the last few days. Over Section 236 of the Criminal Code, A. P. Dawe might defend the claim of his brother, M. J. Dawe, to have a court judgment on the point.

Eighteen days after the writs have been served on defendants, the plaintiffs, in the various suits, in the absence of appearance and defence, can apply for speedy judgment.

MAN HELD ON ATTEMPT TO BOMB PAPER

H. A. Ilse, Previously Acquitted of Attempt on Spokane Building, Again in Custody

Identified as Man Who Shipped Dynamite Trunk From San Francisco

San Francisco, Nov. 24.—Traced by the number of a battery in a big bomb intended to blow up the Spokane, Wash., Chronicle Building, Henry A. Ilse, night watchman of a San Francisco bank, was arrested here to-day as a suspect.

Two years ago on his acquittal of planting a bomb in the Spokane-Review Building, both newspapers are owned by W. H. Cowles, an Associated Press director.

Admitting he "knew all about" the previous bombing, Ilse denied direct knowledge of last Saturday's attempt. He blamed both attempts on two political gangs which he said had been fighting in Spokane for years. He hinted at plots so large "two United States senators could not start an investigation."

He refused to mention any names or explain records which said the battery in the 200-street dynamite bomb belonged to him. "I have been all through this before," he said when quizzed by The Examiner offices. "I will say nothing."

HAS ALIBI

He claimed an alibi to account for all of his movements during the last three years, and said he had been silent when it came to details.

His arrest came less than thirty-six hours after the huge bomb, which experts said was capable of wrecking both the Chronicle and the Spokane-Review Buildings, had been discovered by Cleveland Williams, Spokane correspondent of the Associated Press. The bomb, which was a trunk, was delivered to the Associated Press office, centrally located in the Chronicle Building.

Williams became suspicious when he was unable to place any sender and the trunk began to leak. "A locksmith opened the trunk, revealing the gigantic bomb, which Williams immediately disconnected. It was arrested to explode at 4 o'clock yesterday afternoon, shortly after most of the employees for the Monday edition of The Spokane-Review came to work."

BOMB TRACED

The trail of the bomb was traced back through Seattle and Portland to San Francisco. Here it had been picked up by a transfer man on the sidewalk not far from where the live trunk was traced to him through the number of the battery in the bomb. Police found records indicating he had the battery charged here a little over a year ago. He was arrested early to-day at a downtown bank, where he was employed as night watchman.

Ilse conveyed the impression under persistent questioning that the battery belonged to an old radio set of which he had disposed.

His chief interest was in the "young" he blamed for both bombing attempts.

BAD WEATHER DELAYS HUNT FOR B.C. FLIERS

U.S. Planes Unable to Leave Ketchikan, Alaska, to Search For Renahan Party

Ketchikan, Alaska, Nov. 24.—Unfavorable weather prevented two United States navy planes to-day from taking off for a search for Pilot Robin Renahan and his two companions, missing in this region for almost a month.

The same sort of weather held the United States coastguard cutter Cygan in Behm Canal Harbor for two days. The Cygan's crew hopes to go out to-night or to-morrow to continue an exploration of the coast line.

Vancouver, Nov. 24.—Movements of several of the search planes in northern British Columbia and the Yukon are unreported to-day because of telegraph wire trouble.

Pilot E. L. Wasson of the Treadwell-Yukon Exploration Company left Ketchikan on Saturday to fly to Lard River post via the Francos Lake district, to search for Capt. E. J. A. Burke, Vancouver airman, and his two companions, who have been missing since October 11.

Wasson planned to land at some small lake and camp overnight Saturday, returning to Whitehorse on Sunday. He is well equipped with food, tent and sleeping bag. His plane is on skis.

The two Pacific International Airways machines which left Smithers for the north Saturday still were unreported to-day.

A heavy fall of snow at Atlin has improved conditions following the recent mild spell and the landing field there is in good shape for ski-equipped planes and all the smaller lakes in the district are sufficiently frozen to land on.

No word has been received yet from police officials who are reporting on arrangements to bring out Pilot R. J. Van der Byl and Air Engineer E. H. Cressy, who were marooned at Thudade Lake on their way to Atlin. Van der Byl and Cressy were left at Thudade by Pilot W. A. Jones, who was unable to get off with its heavy load because of freezing temperatures.

SALES EXPERT IS CHOSEN FOR WHEAT POOL

(Continued From Page 1)

Ilam. A second was to guarantee the banks against losses in carrying the wheat pool so the latter could handle the wheat surplus in an orderly method of marketing. A third was that the Federal Government establish a stabilization board to purchase wheat in case of a slump.

These are understood to have been alternative proposals, any one of which would have been acceptable although the guaranteed price was most favored by the prairie farmers.

STATEMENT OF BRACKEN

Toronto, Nov. 24.—Should the present prices for wheat hold or higher levels obtain, orderly marketing of Canada's wheat crop will continue even without the co-operation of the Federal Government, according to Premier John Bracken of Manitoba, who gave an interview to the Canadian Press here to-day.

Mr. Bracken said the improved prices for wheat during the latter part of last week had cleared up the situation temporarily, but should another serious drop in prices occur, the assistance of the Federal Government would become necessary if serious consequences were to be avoided.

His visit to New York, where he spent three days, had nothing to do with the present wheat situation, Mr. Bracken said. He had been looking into the bond market situation.

ANNOUNCEMENT AWAITED

Asked if he would comment on the attitude of the Bennett Government with regard to the wheat crisis, and reports from Ottawa that the Federal Government had to render a measure of support to the wheat pools, Mr. Bracken said any statement should come from the Federal Government.

"I may say, however," Mr. Bracken added, "our understanding is that while no final decision has been reached by the Dominion, the Federal Government is standing by, prepared to reconsider the situation should another serious drop in prices occur."

"There yet remains the larger and much more important question of bilizing of the price of wheat to the prairie farmers at a reasonable figure if western agriculture is to be saved from partial collapse," Mr. Bracken said. "At present prices the value of the prairie grain crop is \$100,000,000 less than at the prices obtaining four months ago, and \$400,000,000 less than two years ago."

"The agricultural industry cannot stand that shock unaided without serious consequences to itself, and to the country as a whole."

MACFARLAND SILENT

Toronto, Nov. 24.—John MacFarland of Calgary, who according to rumors will be appointed general manager of the central selling agency of the Canadian Wheat Pool, declined to comment on the rumor when interviewed here to-day by the Canadian Press.

Washington, Nov. 24.—Ten leading motion picture distributors suffered complete defeat in the Supreme Court of the United States to-day in their defence against charges of using Anti-trust law.

MUSSOLINI TO NAME SUCCESSOR

Lugano, Switzerland, Nov. 24.—Reports reaching Italian political circles here say Premier Mussolini is momentarily expected to nominate Count Ciano, Minister of Communications, as Vice-Premier, thus indicating his successor in the event he should pass from the political scene.

Simultaneously, it is said, Count Ciano will assume the portfolios of war and navy, thus combining under himself more power than any other minister except Mussolini.

TEST VOTE IN BRITISH HOUSE ON THURSDAY

London, Nov. 24.—Premier MacDonald to-day informed the House of Commons a vote on the Conservative motion of censure on the Government regarding its Imperial Conference policy would be taken Thursday.

BANDIT GANG FIRES ON CROWD IN ROAD HOUSE

Two Women Killed in Raid Near Chicago; Another Believed Fatally Wounded

Chicago, Nov. 24.—Police of the Chicago district to-day were hunting a gang of young robbers who, thrown into a panic when lights were whisked off during a roadhouse hold-up early yesterday, poured a shotgun volley into a crowd of frightened victims huddled in a corner, killing two women, mortally injuring another and wounding three men.

The robbers, described as youths about eighteen years old, took \$200 from patrons and had started to leave when the place suddenly was plunged into darkness.

Fearing a trap, the bandits, eight in all, blazed away in the general direction of the group, which were jammed in a space of less than eighteen by twenty feet.

SCENE OF CONFUSION

Wounded and dying screamed and moaned and survivors—militant—about the scene, unable to distinguish gunmen from patrons. To add to the confusion, a great Dane dog, owned by Henry Goetz, proprietor of the roadhouse, rushed into the stampeding crowd.

When the lights finally were switched on, Miss Barbara Lee, twenty-two, and Miss Alice Ward, twenty-nine, were found dead. Miss Mary Ganey, thirty-six, and Jack O'Brien, thirty-eight, were badly wounded. A dozen others whose names were not obtained were less seriously hurt. The robbers escaped in two automobiles.

OUTBREAK OF CRIME

The roadhouse shooting capped the worst week-end crime outburst in the Chicago area in months.

Detective Herbert Dillon was shot and killed by an unidentified negro, who was in turn killed by Dillon's partner, Detective Patrick Gaynor. The police had answered a complaint two drunken negroes were disturbing the neighborhood.

Two automobile thieves, who a short time previously had stolen a machine from Edward Solon, while speeding away from the scene, ran down and killed Victor Johnson and injured his wife and nephew.

Members of a police squad interrupted a filling station robbery and shot and killed one of the hold-up men who had entrenched himself in a greasing pit.

William Woolfirth, twenty-two, William Du Pont, seventeen, and Andrew Sanchez, twenty-one, who recently escaped from prison in New Orleans, were picked up by a cruising automobile police squad and admitted fifty local robberies.

Scores of lesser crimes were reported.

FARMERS ARE ASKED TO GIVE MORE MEN JOBS

Federal Department of Agriculture Suggests Speeding of Improvements

Toronto, Nov. 24.—The Toronto Mail and Empire to-day published the following special dispatch from Ottawa:

"As a further measure of unemployment relief which it is hoped may be instrumental in finding at least temporary jobs for 10,000 to 15,000 men, the publications branch of the Department of Agriculture is circulating a pamphlet with the Soldier Settlement Board, in placing men on farms. With the winter edition of 'seasonable hints' which will be mailed to 400,000 English-speaking and 227,000 French-speaking farmers in Canada, a form of application for farm help is being enclosed."

"A notice accompanying this form calls attention to the number of men seeking farm work and says, in part: 'Most of these men have only limited farming experience, but as a rule they are not expecting wages out of proportion to their experience. They are anxious to find a means of livelihood during the winter and appreciate the fact that farmers themselves are passing through hard times and can only afford to pay wages according to useful service rendered.'"

"Application forms are to be returned to the district offices of the Soldier Settlement Board, from which placements will be made. These offices are located at Vancouver, Vernon, Edmonton, Calgary, Regina, Saskatoon, Prince Albert, Winnipeg, Toronto, Sherbrooke, St. John and Ottawa."

"Many farmers in need of help will benefit through the service, it is expected, and many others. It is hoped, will be induced to undertake some work of improvement which ordinarily would be deferred until a later date."

ATTEMPT TO ASSASSINATE GEN. MULCAHY

Irish Cabinet Member Not Hurt, But Bullet Hits One of His Guards

Dublin Stirred By Attack By Several Men on Mulcahy and Friends

Canadian Press
Dublin, Irish Free State, Nov. 24.—Deep mystery to-day surrounded what apparently was an attempt Sunday to take the life of General Richard Mulcahy, Minister of Local Government and Public Health.

General Mulcahy was not injured by shots which were fired at him as he was entering the home of Professor Hayes, Speaker of the Daily "Herald," but one of his guards was wounded.

DUBLIN STIRRED

The incident has greatly agitated Dublin. Police refused any information whatsoever regarding the affair. A cordon was thrown around the area immediately and trancers stopped and passengers questioned. Some automobiles were stopped and their occupants searched, but apparently without result.

Although full details were not divulged, it is understood General Mulcahy and friends were entering the home of Professor Hayes when the attack was made, several men firing into the group.

One account said there was doubt whether General Mulcahy or Professor Hayes was the target.

When the attack was made General Mulcahy's guard returned the fire.

DO-X DELAYED AT CORUNNA BY BAD WEATHER

Corunna, Spain, Nov. 24.—The big German flying boat DO-X, tossed at anchor in the harbor here to-day while the commander looked over weather reports which indicated the plane would not be able to continue its tour to Lisbon before Tuesday or Wednesday.

Meanwhile, at Lisbon Maurice Dornier announced he did not think the big flying boat would try to get to New York this winter and that tentative plans for a flight to Brazil would be held in abeyance until the ship should reach the Portuguese capital.

TWO DIE WHEN TRI-MOTOR PLANE FALLS IN TEST

Detroit, Mich., Nov. 24.—Two employees of the Ford Motor Company were killed when their tri-motored experimental plane crashed in flames at the Ford airport at Dearborn at noon to-day.

BROKERS' APPEALS Are to Be Heard Soon in Toronto

Toronto, Nov. 24.—Represented by a large group of barristers making application in a body, all the mining brokers who have appealed their convictions here to-day were given leave to appeal their sentences by Mr. Justice Middleton at Osgoode Hall.

Maurice E. Young and William J. Smith of the Homer L. Gibson Company, Malcolm J. Stoble and C. J. Forlong and D. S. Paterson and Austin Campbell were represented by counsel.

The judge pointed out the convictions could not be dealt with properly unless the sentences were also appealed. It is considered likely the appeal will be heard as one by the Appellate Court.

NOT TAXED

Ottawa, Nov. 24.—Sweepstakes winnings are not taxable under the Federal Income Tax Act. Consequently the Canadian winners in sweepstakes will not be taxed on their winnings by the Dominion authorities. From the office of the Dominion Commissioner of Income Tax to-day came the statement that such winnings are not taxable.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

FRANCO, SPAIN'S AVIATION IDOL, BREAKS PRISON

He and Another Flier Get Out of Rickety Jail at Madrid

Madrid, Nov. 24.—Major Ramon Franco, Spain's premier aviator, who last Friday was sentenced to eight months' imprisonment for alleged sedition, to-day escaped from the cell where he had been incarcerated for more than a month.

The transatlantic aviator, idol of the Spanish populace and hero of the army air service, forced the window of a section of the old prison in which he was held, making his getaway some time before dawn.

NOT UNDER CLOSE WATCH

Another aviator, Eduardo Reyes, escaped with Franco. Prison authorities said neither had been watched very closely and that both had given their word of honor not to attempt a break-away.

DEPARTMENT OF TRADE AND COMMERCE
OTTAWA, CANADA

November 22nd, 1930.

To Heads of Families,
Everywhere in Canada.

Co-operation—the Keynote to Progress

As head of your family, you always place the interests of your sons and daughters ahead of the interests of outsiders, don't you? You may be on the friendliest terms with outsiders, yet you concede without question that members of your own family have first claim on you for help of any kind. Collectively you form the oldest co-operative unit known to man—the home. And the best way to promote the welfare of that or any other co-operative unit is to do everything possible to promote the welfare of the individuals who comprise it.

Sentiment and self-interest combine to cause you to place the interests of your family first. You assist them to establish themselves in life, not simply because they are your sons and daughters, but because their success will add to yours.

Similarly, sentiment and self-interest combine to regulate your dealings within your own community. You help your neighbour, not simply because he is your neighbour, but because you believe he will be willing to help you in return. You and he have many interests in common. As a matter of good business you prefer to trade with those who trade with you.

Once beyond the borders of your community, when you get into the wider reaches of your province or of the Dominion itself, the call of sentiment tends to grow weaker, and the element of self-interest becomes less apparent. But seeing that our nation is simply our families and our communities in the mass, will not its welfare be best promoted by the same means we adopt to promote the welfare of our homes and our local trading circles?

Let us suppose you are a farmer living, say, in Saskatchewan. A large part of your income is expended for the purchase of implements, fencing, lumber, cement, twine, house furnishings, and the thousand and one other articles required to equip or service your farm and your home. The money you pay for these articles eventually finds its way back to the pockets of the workers who make them. Isn't it better for you if the workers you thus benefit are workers in Canadian factories, rather than workers in foreign factories?

If your money goes to workers in Canadian factories, don't you put them in a better position to buy your wheat, your butter, your eggs, and all your other farm products? Not only that, but because you have bought their products, haven't you established a first claim to their consideration when they come into the market to buy products such as you have for sale? It's simply the community trading principle on a little broader scale!

But send your dollars to factory workers in other countries, and what assurance have you that such workers will ever buy as much as a cent's worth of your products in return? Your dollars have gone far beyond the community circle, beyond even the national family circle. They have gone where there is no mutuality of interest, to countries where it is impossible for you to influence their spending in the slightest degree.

Or, to use quite a different and in some respects perhaps a little better illustration to demonstrate this community of interest, let us suppose you are a Quebec farmer, and that you contributed your portion to the \$8,903,885 that Canada spent last year for imported corn to feed cows, hens, and hogs.

What would have happened if this money, instead of being sent to corn growers outside of Canada, had been spent with grain growers in Western Canada for the feed wheat and feed barley they had for sale—feeds that would have been equally as good for the production of milk and eggs, and considerably better for the production of bacon? Wouldn't the Western grain grower have had more money with which to buy the products of Quebec factories? And if Quebec factory workers had had more money to spend, wouldn't that have meant a better market for your milk, eggs, and pork?

Some of the money you spent for imported corn would almost certainly have come back to you if you had spent it for Canadian feeds instead. As it was, how much do you think ever came back from the foreign corn grower to whom it was actually sent?

So getting back to where we started from, don't you agree that it always pays in the long run to develop trading operations as much as possible within the family circle?

Very sincerely yours,

A. H. Stevens

TRADE MISSION FROM CANADA VISITS CANTON

Mayor Urges Canada to Ease Immigration Restrictions Against Chinese

Canadian Press
Canton, China, Nov. 24.—Speaking at a civic dinner here Saturday evening in honor of the touring Canadian trade mission, the mayor of Canton, in tendering the city's welcome to the visitors, declared modification of Canadian immigration restrictions against Chinese was essential to the development of full trade possibilities between China and Canada. A similar appeal was made to the delegation by the president of the Chamber of Commerce at a luncheon on Sunday.

Replying to the address of welcome, John M. Imrie, chairman of the trade mission, promised to submit the mayor's representations to the Canadian authorities.

The trade delegation held conferences here with the provincial government, representing a population of 30,000,000 people, and also with civil officials at which the development of trade between the two countries was discussed. The British Consul was host to the Canadians at luncheon.

Mr. Imrie, speaking at the civic dinner, outlined the development of Canada. His message, he said, "was of a young and virile nation which after several successive periods of development suddenly embarked six years ago on an era of expansion so vast in area covered, so varied in character of activity and so pregnant in co-operative value to other nations, as to be without previous national precedent or parallel."

"In 1924 there commenced the era of greatest and most varied expansion in Canada's history," he said. This era carried Canada to a position of fifth place among the nations of the world alike in imports, exports and aggregate trade. On a per capita basis our new position is even higher—fifth in imports, third in exports, fourth in aggregate trade and second in favorable trade balance. Canada's foreign trade in 1929 was valued at two and one-half billion dollars, as compared with less than three-eighths of a billion in 1900."

At the Chamber of Commerce luncheon on Sunday, J. L. Lawson of Montreal, supervisor of banking arrangements of the Royal Bank of Canada, outlined the policy of Canadian banks in following and fostering the trade of the Dominion. Intimate contacts in many foreign countries had been a factor of no small importance in increasing the popularity of Canadian products in other lands, he said.

New York, Nov. 24.—Lynnwood Farnham, noted organizer of the Church of the Holy Communion, died yesterday at St. Luke's Hospital after an illness of five weeks. He was formerly a resident of Saskatoon, Saskatchewan.

THREE WOUNDED AS POLICEMEN FIGHT BANDITS

New Orleans, Nov. 24.—Four bandits opened fire yesterday evening in a robbery of a downtown branch of the Canal Bank and Trust Company and in a running fight two policemen and a bystander were wounded.

One man was captured with part of the loot, which bank officials estimated to have been \$7,500. He gave his name as Austin Hart and said he was from Chicago.

Lord Brentford Discusses Empire Trade Conference

Stoke Newington, Eng. Nov. 24.—Lord Brentford, formerly Sir William Joynson-Hicks, addressing a Conservative meeting here Saturday, dealt with the Empire Economic Conference to be held next year.

"I hope, I trust and I believe Ramsay MacDonald will take no part in the Imperial Conference which will be held at Ottawa in 1931," he said.

"If MacDonald participates the conference will fall again," said the former Conservative Home Secretary. "If he, or Snowden, or Graham goes to Ottawa the conference will be doomed. They are against subsidies and all forms of preference which we, the Conservatives, would be prepared to discuss with our daughter nations."

Lord Brentford declared the policy of the Conservative Party was to go with open hands to those great dominions and say:

"We want to share with you. You have asked us. You have stretched out your hands. You have told us you have vast areas of wheat lands, that you can supply all our needs. We are prepared not to haggle, not to be niggardly, as between enemies, but to sit down and come to some satisfactory arrangements as between mother and daughter."

BENNETT VISITS FRENCH CAPITAL

Paris, Nov. 24.—When Rt. Hon. R. B. Bennett, Prime Minister of Canada, arrived here yesterday to discuss matters of trade with the government of France he was met at the station by Hon. Philippe Roy, Canadian Minister to France, and a representative of Foreign Minister Briand.

The Canadian Premier will visit the battlefields on Wednesday. He may possibly go to Belgium but, according to his plans as announced in London, will return there Thursday.

WOMAN AND MAN TO BE EXECUTED

Philadelphia, Nov. 24.—The Pennsylvania Supreme Court to-day upheld the conviction with the death penalty of Mrs. Irene Schroeder and W. Glen Dague. Convicted of the murder of a state highway patrolman near New Castle, Pa., nearly a year ago.

CHANGES MADE IN DIVORCE ACT

Supreme Court of Ontario Revises Rules of Procedure

Toronto, Nov. 24.—Three major changes in the conduct of divorce actions were made in the revised rules of procedure passed by the judges of the Supreme Court of Ontario in conference at Osgoode Hall here.

Trial of actions by juries is the outstanding innovation of the new rules, either party in a case having the right to serve a jury notice on the other.

The Attorney-General is no longer a defendant to every action. Instead the trial judge will issue a decree nisi, which will not be made absolute for six months, to give time for the Attorney-General or any other to intervene and show cause for the decree not being made absolute.

The rule concerning the solicitor's affidavit, in which he swore to the belief in the truth of the plaintiff's statements, is deleted. This rule had met with considerable opposition from members of the profession.

Notwithstanding the division and interpretation the rules are still thought to leave the questions of alimony and custody of children in doubt, as well as the relevance of the Shaw amendment of 1923, which would delete any double standard in reasons for judgment.

AUTOIST'S DEATH IS INVESTIGATED

Shelton, Wash., Nov. 24.—Shot through the back with a high-powered rifle, the body of George L. Simmons, twenty-three, Tacoma city light department employee, was found propped up in his automobile near the highway leading to the Lake Cushman power plant yesterday.

The body had been placed in the automobile in such manner, officers said, as to indicate suicide. Simmons' army rifle was lying across the knees and the shoes had been removed. One shot had been fired from the gun.

It was not until the body was brought to the morgue here that it was discovered the fatal bullet had entered Simmons' back, penetrated the heart and emerged through the left breast. The bullet had also passed through the left door of the car.

Prosecuting Attorney J. W. Graham said he believed the slaying was either a cold-blooded murder or else a hunting accident in which the killer attempted to avoid responsibility by making it appear his victim had committed suicide.

Belgian Magnates Sail Home After Copper Conference

New York, Nov. 24.—F. Plant and Camille Gutt, Belgian Congo copper mine executives, have sailed for Europe after conferences of several weeks with American copper producers on the question of curtailing world copper production. Neither would comment on the conferences.

A week ago the Copper Institute recommended a curtailment of 20,000 tons a month in world production, increases of 2½ cents a pound to 12 cents delivered in the domestic price of the metal followed and although the large producers have held at that figure, concessions by dealers have been reported, some as low as 10½ cents.

Farmer Wins Suit On Grain Account

Regina, Nov. 24.—Grain companies must bear any loss incurred when they hold wheat after the market price has dropped below the equity of the farmers, where advances have been made by the companies, according to a judgment handed down in King's Bench Court by Mr. Justice H. V. Bigelow to-day.

Judgment was entered against the plaintiffs, N. M. Peterson & Company, in an action brought against P. Carnduff, farmer of Carnduff, Sask., for recovery of \$2,146.07. Costs of the action were also awarded the defendant farmer.

The defendant obtained advances from the plaintiff on the security of grain which he hauled to the plaintiff's elevator in the fall of 1929. These advances totaled \$5,435. Grain storage receipts were issued, and the plaintiff was given permission to sell at any time.

The grain was held until the spring of 1930, when the market had dropped, and was sold at a loss of \$2,146.07, the plaintiff company attempting to recover this amount through the court.

Mr. Justice Bigelow, in his written judgment, says: "I think the plaintiff should have sold the grain to protect itself, and cannot now be permitted to set up a claim for losses which plaintiff incurred through their poor judgment or otherwise."

MAN CHARGED WITH TRYING TO BOMB BUILDING

San Francisco, Nov. 24.—Police took into custody Henry A. Iles, night watchman, for questioning in connection with the attempted bombing of The Chronicle Building in Spokane, Wash. He was en route to Spokane early to-day.

Junior Trans-U.S. Flight Record Made

Midland, Texas, Nov. 24.—Determined to make it to San Diego, Calif., by night, Gerald Nettleton, after a junior trans-United States east-west flight record, took off from the field here at 7:30 a.m. (central standard time), to-day.

He planned to make stops at El Paso and Mesquite Lake, N.M., and then to hope to maintain a speed of 115 miles an hour, calculating that if he were able to do so he would set a new record. His elapsed time to Midland was sixteen hours and seven minutes.

He was en route to San Diego and was expected to arrive there at 7:30 p.m. He was accompanied by Stanley Boynton.

"Gaily the Troubadour Touched his Guitar"

THE SERENADE MECHANISTIC

Now the troubadour had a great advantage over the Robot, for the Robot can't be gay any more than he can be sad or sentimental.

RECENTLY a master of inventors took a load off the minds of most of us with the assurance that "no one will ever invent a mechanical man who can think."

He might have added that no Robot will ever feel, either. And where there is no feeling, no emotional capacity, there can be no music.

Millions, realizing this truth, have joined the Music Defense League in protest against substitution of Canned Music for Living Music in theatres. If you feel the same way you can serve your own, as well as the public's, interest by signing the coupon at the right.

REVIEWS WORLD CONFERENCE OF GIRL GUIDERS

Mrs. Alan Morkill Tells Large Audience Saturday of Rally in England

The headquarters of the Girl Guide Association on Langley Street was filled by a large and enthusiastic audience on Saturday evening when Mrs. Alan Morkill, divisional commissioner for British Columbia, gave a description of the world conference of Girl Guides recently held at Fosseway.

SWIMMERS' AWARDS

Miss Wigley, president of the local association, who occupied the chair, announced that Mrs. W. C. Nichol, divisional commissioner for South Vancouver Island, had kindly consented to present the certificates to the winners in the Guide swimming competition held on November 15. In making the presentation, Mrs. Nichol spoke of the fine performance and sportsmanship of the competitors and she heartily congratulated the winners. Miss Hilda Leighton, provincial camp adviser, and Mrs. H. M. Archibald, assistant commissioner, on the efficient manner in which the programme had been arranged and carried out.

MRS. MORKILL

Mrs. Morkill declared that she had fully appreciated the honor of representing Canada at the conference, which had been intensely interesting and she had enjoyed every moment. Explaining the inception of the world conference, she went back to 1919 when the first international council was arranged, Lady Baden-Powell being chosen. This was followed by the first international conference held at Oxford in 1920, which roused much interest on the continent. The League of Nations had asked for representatives of the Boy Scouts and Girl Guides on their committees. It was after the fourth international conference, which was held in America, that the seed of the world association was sown.

At this meeting it was felt that the regulations of the movement were, like the British Constitution, difficult to define, and that in order to get the movement as carried out in different countries as near as possible to the ideals of the founder, Sir Robert Baden-Powell, an attempt at co-ordination should be made while his invaluable advice is available.

"DUTY TO GOD"

At the conference a question of prime importance was settled. It was desired by representatives of some countries that the words "my duty to God" be deleted from the Guide promise. It was thenceforth the duty to God, which was the basis of the movement, was left in the foundation of the world-wide movement, and that the words of the promise be left open to each country.

A most generous gift was made by a wealthy friend of the movement at the conference who offered a chalet in Switzerland as a camp centre for guiding with upkeep for two years. The offer of \$5,000 made by another friend, supplemented by other donations for further upkeep, made it possible to accept this magnificent gift.

THIRTY COUNTRIES

Thirty countries were represented with their different tongues at the conference and it was found necessary to use three languages, officially and business had to be interpreted in each. In this connection Mrs. Morkill told of the post box, instituted to enable Guides of different countries to correspond with each other. The officer in charge finds the work going too fast for her to cope with. From fifty letters a year it has now reached fifty a week and one very busy day actually brought eighty. Guides will in future be required to write these letters in the language of the country to which they desire a correspondent, and it is felt that this may ease up the work of the post box.

Mrs. Morkill, speaking of the training of Guides in England, said she was struck by the great stress laid on the influence for good the Guide was expected to exert on her company. She said that though it took courage sometimes to speak of spiritual things she would like to see Guides consider carefully their opportunity for good influence they undoubtedly had.

CHIEF SCOUTS' WORDS

She concluded with this quotation from the Chief Scout: "Let us look forward with confidence and hope, linked up as we are in a great bond of sisterhood. Let us seize the golden opportunity for bringing in the next year some of that they may be imbued with the broadminded spirit of love, which is the only true and reliable foundation on which to insure the blessing of God's Kingdom on earth, of peace and goodwill among men."

A very hearty vote of thanks was given to Mrs. Morkill, in proposing which Mrs. G. Phillips said the speaker had brought the very spirit of the conference to her hearers. The motion was seconded by Mrs. Archibald.

Among those present at the meeting were Mrs. Kinloch, district commissioner Cowichan Valley; Mrs. G. Phillips, district commissioner for Victoria; Mrs. K. C. Symons, Mrs. Brake, Mrs. Stewart Williams, Miss Unwin, Miss Page, Miss Crease, Miss McNeil, Miss Bale, Miss D'Arcy of the local association, Mrs. Bisset and Mrs. Nixon, representing the Scout Association; Mrs. J. H. Gillespie, I.O.B.E.; Mrs. P. B. Scurlish, Canadian Club; Miss Kate McLaren, Business and Professional Women's Club.

The Bucklin girls are prominent for the hockey and tennis teams; Christy Bennies for the riding team, and Alice Bennies and Adele Bucklin for the swimming team, which participated in the field week held at the college from November 17 to 24. The Misses Bennies were also chosen for the cast of the annual Christmas play to be presented on December 6 and 7, while Miss Mary Bucklin is a member of the college choir which will assist in the production.

UNEMPLOYED MAY BOYCOTT DOMESTIC WORK

Attempt Being Made in England to Unionize Servants; Dole Suggested

London, Nov. 24.—British housewives are already seriously concerned over the shortage of domestic servants due to a boycott of that type of work by an army of unemployed women.

It was learned to-day that steps are being taken by members of the labor party to try to secure the unionization of the million women now in domestic service, which would mean an eight-hour day for cooks, maids and other domestics. The plan was unfolded by Dr. Marion Phillips, a labor member of parliament and one of the foremost Socialist women organizers.

If such a trade union could be formed, it would undoubtedly increase labor's vote, but great public hostility would be encountered.

It is suggested that domestics should have comfortable sitting rooms and higher wages than should be entitled for unemployment pay when out of a job. Inspectors would be employed to see if the servants' amenities in any household were up to the given standard.

Class distinctions below stairs are so pronounced in wealthy manors that the unionization scheme would encounter trouble even among the servants. Butlers will eat with the cooks but not with the maids, and the cooks will not eat with the "kitchenies," as the dishwashers are known. Many such employees in big establishments would also shy at the idea of unionization because they feel superior to the servants in the smaller households.

Victoria Male Choir Recital

One of the healthiest signs in these days of mechanical aids to music is the increasing interest being taken in choral work in Victoria. Few cities of its size contain such an imposing number of choral bodies of high standard. Of these, none is more virile than the Victoria Male Choir, which, under the leadership of Frank Tupman, has been preparing a comprehensive programme to present at the Shrine Auditorium on Friday next. Amongst the ten numbers to be given are a dramatic poem by J. S. Stalham, "The Martyrs of the Arena," to music by Laurent de Rille; the same composer's "Hymn to Harmony," Protheroe's "The Pilot," West's setting of "John Peel," a little gem by P. Orie, "Must I Then Part From Thee," Weatherly's "The Frog," etc.

The choir's assisting artist is Miss Verna Scofield, who captivated her audience when she sang at this choir's concert a few seasons ago.

Miss Helen Harris

entertained a large number of her friends at tea Saturday afternoon at her home on Fort Street, in honor of Miss Patricia Burgen, who will leave shortly to live in England. The tea table, centred with a large bowl of white chrysanthemums and tall green tapers, was presided over by Miss Yvonne de Bretigny and Miss Sarah Nixon. Miss Patricia Brown, Miss Rosalind Young, Miss Muriel Davenport, Miss Miriam Biggin assisted in serving. Among those present were: Misses Frances Gibbs, Molly Davis, Betty Goldie, Margaret Watson, Peace and North Cornwall Oshes Davies, Arrie Bhanfool, Zelma Purdy, Patricia Copeland, Eileen Beggs, Frances Biggin, Mary Lease, Rosalind Willis, Joyce Adam, Molly Sharp, Velma Anderson, Beverly Grant, Peggy Frank, Hazel Jack, Barrie, Sue McKenzie, Beverly Vailo, Florence Hayward, Isabel Marlan, Lila McCaw, Audrey Kinsman, Peggy Parsons, Jean Duncan, Mary Gurnod, Maxine Evans, Pat Ryan, Nellie Mulholland, Pat McConnan, Millie MacFarlane, Eileen Cullum, Mary Rose and Margaret Little.

A very enjoyable musical evening was spent on Friday at 140 Beach Drive where the hostess, Mrs. H. Jones, received a large number of guests, assisted by Mrs. A. J. Protheroe and Mrs. W. Gurney. The rooms were beautifully decorated with bronze chrysanthemums by Miss Cooke and Miss Gwyn Protheroe. Among the guests contributing to the evening's programme were Mrs. W. Jones, Mrs. W. C. Williams and her two daughters, Mrs. Horne, Mrs. Mason, Misses Doris Rawlings, Peggy Horne, Phyllis Jesse, Mabel Marshall, John Chipper, Agusta Marshall, Elsie Le Gresley, Mr. Chris Miller. Other guests included Mr. and Mrs. R. Jesse, Mr. and Mrs. H. Jesse, Mr. and Mrs. A. J. Protheroe, Mr. and Mrs. Gurney, Mrs. Gunter, Mrs. Rawlings, Mr. and Mrs. J. Chipper, Mrs. Gardner, Mr. and Mrs. Le Gresley, Mr. W. C. Williams, Mr. W. Jones, Mrs. Jesse, Misses Jessie, Lorraine Marshall, Ernest Protheroe, Eric Chipper. During the evening refreshments and ice cream were served by Mrs. Gurney, Miss A. J. Protheroe and Gwynne Protheroe.

Typographical W.A. Tea—A silver tea will be held under the auspices of the Typographical Union, in aid of its Christmas cheer, at the home of Mr. and Mrs. F. H. Neelands, 621 Craigflower Road, on Thursday afternoon, from 2:30 o'clock. A splendid programme has been arranged and it is hoped that all members, printers and friends will make a special effort to attend.

Arts and Crafts Society—The annual meeting of the Arts and Crafts Society will be held at the Victoria Building, View Street, on Wednesday, December 3, at 8:15 o'clock. Tea will be served.

During School Years

School children should have their eyes periodically examined to insure that their eyes are fit. Eyesight is often overtaxed and permanently impaired during these formative years. Better to wear glasses now and avoid future trouble; or if glasses are not required, an examination will establish the fact, and our advice as to the care of your children's eyes is gladly given.

Benefit Concert By Two Artists For Boy Scouts

The concert to be given on December 5 at the Empress Hotel by Mrs. Sydney Oliver, soprano, and Countess J. de Suzannet, mezzo-soprano, assisted by Mr. and Mrs. Edward Spencer and Mrs. Clifford Warn, promises to be an outstanding musical event.

A particular feature of the programme will be two groups of duets which will include works by Purcell, Lull, Mozart, Donizetti, Schubert, Brahms, Delibes, and that lovely old Celtic song "Turn Ye to Me," which makes a beautiful duet. These duets will be sung in English, French, German or Italian.

Each singer will also contribute a group of solos. Mrs. Sydney Oliver will sing a group consisting of songs by Mozart, Hugo Wolf and two modern English composers, Michael Head and Walter Morse Rummel. Countess de Suzannet's solo group will include songs by Walter Kramer, Ch. Griffes and John A. Carpenter.

Miss Eileen Dumbarton will be the accompanist for both the duet and solo groups.

Mr. and Mrs. Edward Spencer's instrumental trio, violin and cello, with Mrs. Clifford Warn as pianist, playing Saint Saens' Trio Opus 18, will greatly contribute to the beauty and variety of the evening, the entire proceeds of which will be devoted to Third Troop of Victoria Boy Scouts. The concert is under the distinguished patronage of His Honor the Lieutenant-Governor and Lord Colville.

YOUR BABY and MINE

Mrs. Edward will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

Often a mother writes at length about her baby, and yet gives me a very inadequate impression of the baby or of the home surroundings, but the following letter is of quite the opposite type. In just a few words one has a very definite feeling about this child and his mother.

"My baby son is over-sensitive," writes Mrs. L. J. "Sometimes just speaking to him in an ordinary tone of voice nearly breaks his heart. If he continues being so easily hurt in the future, life will be one of much unhappiness for him. Can you help me?" Mrs. L. J. did not mention the child's age, but her sketch of him is one that we can fill out readily. Here is the type of child who has learned by experience that when he wants attention from his mother he has only to cry as if his heart would break and the attention is forthcoming. One can easily visualize the scene: "Come to mother, darling. Let mother wipe your eyes and don't cry any more. There, there, honey boy."

BEING SENSITIVE PAYS
Haven't you seen it countless times? And does it prevent the child from being sensitive or from acting in this way again? A thousand times no. It simply makes such future behavior inevitable. The child is sensitive because sensitivity pays good dividends; nearly all children enjoy being cuddled, fussed over, made much of. By experience they learn all manner of ways

GUARD INTEREST OF WHITE RACE

Branch of Maple Leaf Organization to Be Formed Here

A public meeting will be held in the Sons of Canada Hall, View Street, on Friday evening for the purpose of forming a branch of the Maple Leaf Association of Vancouver, which organization is operating under a charter granted in August last. The objects of the association, briefly, are to further the moral and social interests of the white race in Canada, and to seek to regulate, by legislation, the privileges granted to Orientals, to preserve the industrial life of the country from economic exploitation by Oriental labor, to foster a national spirit and build up national institutions on a firm basis, such as will assure for the future a continuance of British and Canadian ideals.

The Maple Leaf Association has already enrolled a large membership, and the meeting to be called on Friday will nominate permanent officers, and plan a campaign, such as will take in the whole of Vancouver Island.

Members of all public services or organizations are being invited to attend this meeting, and all patriotic citizens and individuals are asked to co-operate. Harry Langley has been appointed secretary pro tem of the organization, with offices at 421 Central Building.

Mrs. Dowell And Phyllis Cook In Recital Shortly

One of the early December recitals is the Dowell-Cook concert which is to take place on Friday, December 5. Mrs. Arthur Dowell is already well-known to local concert platforms, and her successes at western festivals have been quite numerous. One of her most outstanding festival triumphs was that in 1927 at the B.C. Musical Festival in Vancouver when she won the championship cup open to gold medalists only. This cup she has twice won.

In December last she took the soprano solos in the production of the "Maiden" by the Greater Vancouver Choral Society in the new Orpheum Theatre. By her artistic singing she has gained many friends, who will not forget her coming recital.

PHYLIS COOK
Assisting in her programme is Phyllis Cook, one of the province's foremost pianists, and a pupil of the distinguished Canadian pianist and teacher, Gertrude Huntly. In a recent recital this gifted young lady, who is only seventeen, made a deep impression, when she played under the auspices of the Vancouver Women's Canadian Club at the Hotel Vancouver. Mrs. Paul Green will act as accompanist, and the forthcoming recital will be held at the Shrine Auditorium.

Scottish Concert To Celebrate St. Andrew's Day

St. Andrew's and Caledonia Society will hold their annual concert and dance on Friday in the A.O.F. Hall, Commercial Street. This event will be held in the large dance hall, and will mark the reopening of this hall, which has been under reconstruction. Under the direction of Bro. E. R. Bigbie, the entertainment committee has secured some of the best artists in Victoria—Highland dancers, singers, comedians and musicians.

The concert will commence at 8 o'clock until 9:30 o'clock. Refreshments will be served in the dining hall until 10 o'clock, when dancing will commence, led off by Pipers Marr and Pollock. Pipers' orchestra will furnish the dance music till 1 o'clock.

At the concert T. Menzies will be chairman; pianist, Mrs. W. Sneddon; dancing M.C., W. Wallace. The concert will include: Pipe selection by Bros. Marr and Pollock; Master J. McVie, singer; Master Riddle McVie, songs; Miss Nancy Barr, contralto; Mr. Kerr, Scotch humorist; Mr. Davidson, violin selections; J. Doble, serio-comedian; Mrs. B. Mayell, "Songs of Scotland"; Miss Madge Wallace, Highland dances, with Piper Cameron as accompanist; W. C. Frye, sentimental songs; Miss Marjorie Watson, mezzo-soprano; G. Guy, songs; Ernie Riddle, Scotch comedian.

Navy League W.A.—A meeting of the Navy League Auxiliary will be held at the headquarters, 314 Pemberton Building, on Friday at 2:30 o'clock.

News of Clubwomen

To Hold Bridge Party.—A bridge and knit drive will be held under the auspices of the Daughters of the Covenant on Wednesday, December 8 at 8 o'clock at the home of the general convener, F. F. GERMAN BARONESS WILL LIVE IN U.S.

Baroness Barbara von Kalckreuth, above, twenty-five-year-old German beauty and a sculptress of some renown, is going back to her native land. "I've lost my heart to the United States," she declared, "and I'll be back." She has lived in New York for nearly a year, where her husband, a German diplomat, has been working. Baroness von Kalckreuth has a fine figure and a charming personality. She is a sculptress of some renown, and has been successful in her art. She is going back to her native land, Germany, where she will live with her family.

Columbia School Students Present Pleasing Recital

The recital held at the end of the week at the Columbia School of Music by students of the intermediate grade showed some very promising young musicians, and thoughtful attention to detail.

The programme consisted of piano solos and duets, violin and vocal solos and outstanding numbers in the piano solos were those played by Katherine Scott, Grace Lamerton and Edwin Lovell, whilst also deserving praise were Nancy Anthony, Harold Alexander, Harold Lyons, Anita Seabrook, Violet Waite, the Crooks, Doris MacDonald and Annie McNeill. Some delightful duets were played by Annita Seabrook and Grace Lamerton, Violet Waite and Nancy Anthony, Edwin Lovell and Walter Colvin.

Of the violin solos Robert O'Neill's playing was excellent and deserving of much praise was Katherine Scott's solo. Erwin David, singing "Rose and a Bud" ("Pony") with good judgment. She has a sweet voice of much promise.

It was announced that the senior students would give a recital in December at which time the certificates of the Associated Board of the Royal Academy and Royal College would be presented to the successful students of the Columbia School of Music.

NEW METHOD LAUNDRIES LTD.

20th.—Disturbed in night by reason of strange noises in rear of house which, Samuel sleeping peacefully through, I do rise to investigate. Find that Jimmy-Jocks has had an argument with the cat, during which he has overturned her bowl of milk. Fluffy-Socks very indignant!

Return to bed but cannot sleep so go on with perusal of "Love's Lady," the which I could scarce lay aside last night, but for fear of Samuel's displeasure. Methinks the Librarian at the Marionette Library shows great discernment in helping one to make a choice. Samuel urges me to read more learned books, such as "The Call of England," but I hold that one to be modern must read all kinds, and if one hasn't time for that, why then fiction, for 'tis more exciting.

Book falls on floor at most thrilling part and awakes Samuel. Much vexed and some words between us. Samuel arises in "ill humor," which vanishes on sight of beaming countenance of our comely mayo, Bea.

Do wonder why Bea wears so satisfied an expression this morning. While waiting on us at breakfast. On enquiring, do find that she is mightily pleased with the Nanaimo coal which we did order from Messrs. Kingham, Gillespie and Co. Ltd.—She says that it gives much more heat and that her kettle did boil in half the time. In truth, she thinks she can now stay in bed longer of a morning.

Flying trip to town in my new Ford and in truth methinks it doth fly.

To Maison Tyrrell, at David Spencer's where, by good fortune, I was able to get an appointment for to-day instead of next week, since I truly could not go to Mistress Castlemaine's bridge tomorrow night, had I not my new permanent. Much astounded on being told I need not have an entire new permanent, but only a permanent reweave.

This is of much help to my purse, as a reweave costs but \$3.00, instead of \$10.00. I can think of many ways to spend that \$7.00! Learn that this is something new and the Maison Tyrrell have been giving a great many of these reweaves of late with the same satisfaction to the ladies of the town.

Cannot walk past window of Wilkerson's Jewellery Shoppe with that unexpected \$7.00! 'Tis too good a chance to go in and buy some of the inexpensive jewelry I see there for Christmas gifts—gifts with the stamp of quality. 'Tis always pleasant to find that they have such unusual moderately-priced trinkets, as well as those of great value.

What shall I choose—pearls, jet and platinum form a dainty bracelet for my dear Peggy Preston. If I can find her a girl who has left home will love a rich home-made cake. 'Tis rum flavoured, from an old English recipe, with almond paste icing and daintily frilled about. They can be had in any size, from one pound up. Must visit there soon; I hear that the well-known clairvoyant, Madame Fortentia, is reading for guests during the tea hour, from three until five.

Afternoon mail brings letter from my dear friend, Mrs. Gwynne, who has just returned from California. She will reach here in California, the whereabouts I must not tell. That gossip I heard at Mistress Gwynne's house that she had been in California, I must have this lovely pearl cake at least.

Jimmy McLarnin and Billy Townsend Have No Alibis
Former Will Most Likely Seek To Wipe Out Blemish
Washington State Champions Coached by Non-college Man
Cyril Tolley Finds No Trouble Driving New Golf Ball

FRIDAY, November 21, proved an unlucky day for Vancouver's two famous fighters, Jimmy McLarnin and Billy Townsend. McLarnin, who of the cherubic countenance and the powerful fists—and Billy Townsend, former Canadian lightweight titleholder. McLarnin took the first licking of his career at the hands of Billy Petrolle, commonly known as the Fargo Express, while Townsend received a shellacking from Bucky Lawless, clever Syracuse welterweight. Neither McLarnin nor Townsend apparently had any alibis as before the bouts their respective managers announced they were in the pink of condition. They were just beaten by better men, or at least by fighters who showed up better on this particular evening.

It would not be surprising if McLarnin comes right back within a couple of months and hands Petrolle just as bad, if not a worse licking than he received. McLarnin is a go-getter and will not let this blemish on his career go unchallenged. When a person stops and thinks awhile, it is possible to see that McLarnin was just about due to take a licking from somebody. Ever since that night two years ago when he was outboxed by Sammy Marshall, who at that time held the lightweight championship, McLarnin has hung up a great string of victories. Even the best of them have a defeat hanging on them now and again. McLarnin is no superman. After taking his defeat from Mandell, McLarnin bided his time and then secured a return bout in which he literally cut Sammy to pieces. Of course we didn't see the fight and possibly Petrolle is a better man all round, but his victory over McLarnin fails to show anything sensational.

It is quite possible that Petrolle was a difficult fighter for McLarnin to solve. He may be in the same class as Young Corbett, Fresno southpaw welterweight, who is claimed to be one of the hardest men in the game to beat, due to his hitting from the south side. That is why many of the welterweights, including Jimmy McLarnin, care to meet him. Young Jack Thompson and Jackie Fields, both former welter titleholders, took on Corbett and what happened? They both found themselves on the losing end.

Petrolle claimed his victory was due to his year's rest. This might be a good tip to McLarnin. The Vancouver boy, although not engaging in a great number of fights, has been kept fairly busy and a few months rest might do him a lot of good.

From press dispatches Townsend had no license to lose his bout with Lawless but threw away opportunity after opportunity through nervousness and anxiety. Billy should have gotten over this stage, having a number of bouts under his belt. Of course with the prospect of a bout with Tommy Freeman, welterweight champion, hanging over him it is possible he tried too hard. But he's only a youngster and has plenty of time to try and climb to the top of the fight ladder.

Washington State, the bright star that shot across the Pacific Coast conference football sky this year, is the only team in the league not coached by a college man. Babe Hollingsberry, who seems to have generated lots of fire in the conference this season, only went through high school for his education. He imbued enough football theory to coach over a dozen teams and two other teams at the same time. It was his work with the Olympic Club that stood out and was responsible for him getting the position with Washington State. While he coached the Olympic Club they won both California and Stanford.

Golf ball manufacturers seem to have conspired everyone except Cyril Tolley that the new ball can only go a part of the distance the old one did. In a recent match with Bob Jones, the big Englishman hit one drive of 350 yards and several over 300, with the large ball. Jones himself likes the new ball, for it is easier to loft out of a bad lie, and can be stopped on the green with a straight-faced iron, so that he can hit the ball with an easier swing. The idea is that the new ball floats in the air until its momentum is nearly gone, and a shot hit with a midsize club will not roll far. With the old ball a shot of similar distance had to be hard hit with a four iron, to get the ball high enough to drop perpendicularly. Consequently Bobby pressed more iron shots. And you know what happens to pressed shots.

SPRAGUE'S DASH GIVES TIGERS WIN

Substitute Runs Forty Yards For Touchdown to Defeat Queen's 8 to 3

Queen's Lead Until Final Quarter; Hamilton Meets Balmy Beach

Canadian Press—Toronto, Ont., Nov. 24.—Balmy Beach, Ontario Rugby Football Union champions, resume strenuous training to-day for their Eastern Canada final game with Hamilton Tigers, Big Four champions, at Varsity Stadium here Saturday. The Beavers won the eastern group of the O.R.F.U. and then won the union title by trouncing Hamilton Tigers in the finals and earned a bye into the C.R.U. eastern final.

Tigers qualified for the final here on Saturday by defeating Queen's University, intercollegiate monarchs 8 to 3 in a hard, close-fought struggle. It was, nevertheless, a hanging fire in it is possible he tried too hard. But he's only a youngster and has plenty of time to try and climb to the top of the fight ladder.

Defeat staled the mighty Bengal machine in the race starting the final quarter. Then, like a bolt from the blue, the entire complexion of the game was completely changed on the first play when Davy Sprague, placed in the line-up as a regular when the game was started, converted, and Rohmer, earlier in the season, broke through the trier's line and dashed forty yards for a touchdown which "Pep" Leadley, "drop-kicker" extraordinaire, converted. Queen's were leading up to this stage, 2 to 1, but the converted try shot Tigers into the lead, where they stayed to the finish, 12-00 ATTEND

The game failed to attract the crowd expected, only about 12,000 attending. Queen's were the first to score when Gilmore's attempted field goal rolled to the deadline in the first frame. Tigers knotted the count in the second when Beano Wright hoisted the ball to Gilmore, who stepped into the touch when making the catch. Queen's took the lead again before half-time. Howard Carter, Queen's starry booter, kicked to Langway, who was thrown into touch while trying to run the ball out.

There was no score in the third period and play ended on the trier's forty-yard line. Then came Sprague's sensational run.

Toronto Walker Wins Seven-mile Race at New York

New York, Nov. 24.—Henry Cleman of Toronto, national walking champion at 50,000 metres, yesterday won the national A.A.U. seven-mile title in 53 minutes 10.2 seconds.

Cleman overhauled the defending champion, William Carlson of Larchmont, in the last mile, and won by 20 yards. Carlson was second in 53:51, and Max Beutel, New York, third, in 55:23.3-5.

Mack Weiss of Los Angeles, 1929 metropolitan and national 50,000 metres champion, was fourth, and dropped out at the end of the fourth mile.

NAVY SQUASH MEN LOSE TO SEATTLE TEAM

G. Hunter Only R.C.N. Officer to Take Match From Pacific Coast Champions Here

Defeating the visiting Seattle squash team's ledger, C. Heuser, in a brilliant fixture, Capt. G. Hunter gained the only match for the Royal Canadian Navy in their tournament with the Sound City representatives here on Saturday.

The naval officers played splendidly against the Pacific Northwest champions and won the undisturbed praise of the visitors, who were highly pleased with the matches here. When the final game was completed, the Sound City representatives had six victories to the officers' one.

Leon de Turenne, champion of the Pacific Coast and one of the northwest's finest tennis players, was pressed to the utmost to win from Capt. Goodwin, who took two sets to the Seattle experts three.

While they won by a considerable margin, the individual fixtures were keenly contested and demonstrated the prowess of the naval men's squad. Scores, with the visitors first named, follow:

Turenne defeated Commander Goodwin, 3 to 2; W. Langley defeated Lieut-Commander Hope, 3 to 0; C. Tupper defeated Lieut-Commander Edwards, 3 to 2; H. English defeated Commander Murray, 3 to 0; T. Pattinson defeated Lieut-Commander Bidwell, 3 to 0; S. Collins defeated Lieut. Commander Malinsky, 3 to 1; C. Heuser was defeated by Capt. Hunter.

To-morrow night a meeting of the league will be held at the Y.M.C.A. at 7:30 o'clock. Entries for the Davis Cup series will close at this meeting.

Osmundson's Goal Gives Tacoma Win Over Seattle Eskis

Tigers' Forward Sinks Rubber in Seattle Cage on Pass From Evans After Fifty Minutes of Scoreless Hockey; Only Goal in Hard Fought P.C.H.L. Battle; Third Successive Game in Which Eskimos Have Not Scored; H. Runge Gets Major Penalty for Fighting.

Seattle, Nov. 24.—The Tacoma Tigers won their first game in the Pacific Coast Hockey League yesterday evening, defeating the Seattle Eskimos, 1 to 0. Tacoma scored the winning goal in the third period.

After fifty minutes of scoreless hockey, Jimmy Evans, Tacoma centre, skated down the ice on the left side, circled around the first Seattle defence man and poked a quick pass to Osmundson. The Tiger forward snared the puck in a scramble in front of the Seattle goal and batted the rubber in the twine for the only tally of the contest.

One minute before, Herman Runge, Tacoma defence star, sagged the Seattle net with a clumsy shot, but the goal did not count as he had received the disc on a pass across the blue line.

Much to the delight of the spectators, Jack Walker and Red Stuart of Seattle, played keep-away with the puck for two minutes when the Eskimos were one man short. The forwards held the rubber in their possession until their man returned to the ice without a single Tacoma player touching the puck.

Runge received a five-minute major penalty in the first period, when he attacked Stuart with his stick. The two collided against the fence and Runge went down, Stuart's club cutting his head. The Tacoma defence man was knocked out and when he recovered he attacked Stuart. The Seattle centre received two minutes. The game had been scheduled to be played in Tacoma Saturday night, but as the Tacoma ice arena is unfinished the contest was moved here to Seattle.

The line-up:
Seattle—Kemp, Benson, Savage, Sutherland, Walker, Anderson, Houtby, Bellefleur, Stuart, Connors and Dyck.
Tacoma—Robertson, Redpath, Kenny, Williamson, Evans, Osmundson, Runge, Lang, Altkin and Archer.

Officials: Lindsay and Macey.

On Wednesday next the Newspaper League starts with two teams each. From The Times and Colonist opening games will be played at 7:30 p.m. and seven teams in an inter-departmental league. Other leagues are being organized as fast as possible, and it is expected that competition will be keen.

\$30,000 Obtained By Arsenal Club For D. Halliday

Leaders in English First Division Football Remain in Spotlight by Latest Transfer; Are Rumored To Be Seeking Goodall, Huddersfield Back, for \$60,000; Blackpool Puts on Best Display of Season to Draw With Aston Villa; Record Crop of Goals in Scottish Leagues.

London, Nov. 24.—After being in the limelight all week owing to their rumored offer of \$60,000 for F. R. Goodall, the Huddersfield international back, a deal which is denied, Arsenal kept in the soccer spotlight by transferring D. Halliday to Manchester City for \$30,000. Halliday, who was bought from Sunderland last season, has been playing for the Arsenal reserves. He seemed to like his new surroundings because he netted two goals for Manchester City and materially helped in their first victory over Bolton Wanderers.

On Saturday Arsenal themselves came through with a big win over Middlesbrough at Highbury, though they could not lengthen their lead in the championship table, because Sheffield Wednesday, in the runner-up position, also figured in an expressive victory, beating Leicester City 3 to 2. Derby County, who with four months, were bracketed in second place with the Wednesday, slipped when they got only a draw with West Ham United. Portsmouth held their position as their great defeat of Liverpool by 4 to 0.

Jackson replaced Gallagher in the centre forward position on the Chelsea line-up and the pensioners seemed to benefit by the change, playing a vigorous game and winning by 3 to 0. Stamford Bridge against Leeds United Leeds also were in fine form.

Blackpool shows well. Blackpool put up their best display since coming up into the First Division when they got a highly creditable draw with Aston Villa, despite the absence of Hampson of the English team playing against Wales. Each side scored twice.

Dean's brilliant return to form, backed up by Johnson's opportunism, enabled Everton to thoroughly thrash Stoke City in a Second Division match. Dean actually netted four times, though his first goal was disallowed for offside.

Tottenham Hotspur administered a nasty setback to West Bromwich Albion's hopes of climbing to the top of the championship ladder. It was a fast, clever game, in which brilliant goal-keeping was done at both ends.

Northampton Town did very well to hold the great North Country unbeaten team to a draw at Nottingham in a Southern Section, Third Division match.

Glasgow, Scotland, Nov. 24.—A record crop of goals in this Scottish league game, in which Aberdeen, Glasgow Rangers and Celtic played a scientific play impossible. Fifty-seven goals were netted in the nine first division matches staged. The tenth fixture, that between Motherwell and Partick Thistle, had to be postponed owing to a heavy gale.

Celtic were among the heavy scorers, getting six goals to Ayr United's two. Rangers also found goals—easy to score, putting on seven against Aberdeen, who just saved themselves from a whitewash.

Cowdenbeath joined Rangers in getting seven goals, beating Leith Athletic, who also netted only once. Queen's Park beat Clyde in a fine rally by 4 to 2.

Stevenson's three goals helped Falkirk to a brilliant win at Dundee, where they got away with the decision by 3 to 1.

The opening game will find Keating, who are so far undefeated in league matches, stacked up against Pedens. The latter have yet to break into the win column, but will be out battling to hand Keating their initial defeat.

The women's game will find the Hudson's Bay opposing Keating. The Bays have high hopes of scoring their second win of the year, but the greater experienced suburbanite five are favorites to win.

Lloyd Cann and his Foresters' quintette will be out to hand the J.B.A.A. Red a setback in the feature end-of-the-year, but the greater experienced suburbanite five are favorites to win.

The complete card follows:
750-Senior "C" men: Keating vs. Pedens.
850-Senior "C" women: Keating vs. Hudson's Bay.
950-Senior "C" men: Foresters vs. J.B.A.A. Reds.

W. LINDRUM OPENS MATCH WITH DAVIS

Two Leaders in International Billiard Tournament Start Play To-day

Lindrum and Davis Winners in Fourth Match Which Ended Saturday

London, Nov. 24.—The fifth matches of the international professional billiards tournament got under way to-day, Walter Lindrum, great Australian expert, met Joe Davis, English champion, at Leicester. Clark McConachy, Australia, played Tom Newman of England at Thurston's Hall in London.

In this series of matches, which brought Lindrum and McConachy from the other side of the world, Lindrum is conceding the three others 7,000 points in each match. The standing on games played now is as follows:

Player	W	L	Points
Walter Lindrum	4	3	1
Joe Davis	4	3	1
Tom Newman	4	2	2
Clark McConachy	4	0	4

The great tournament will be decided on the number of games won, though in case of a tie the total points scored will probably be taken into account. On points scored, Davis, thanks to the 7,000 points a game received from Lindrum, has a shade the better. Davis's four-game aggregate is 108,021, while Lindrum's aggregate from scratch is 106,719.

DAVIS AND LINDRUM WIN
The fourth matches ended on Saturday night with Davis victor over Tom Newman, playing at London, and Lindrum an easy winner over McConachy at Southampton. The scores:

Joe Davis, England, (receiving 7,000) 30,394.
Tom Newman, England, (receiving 7,000) 25,804.
Walter Lindrum, Australia, (scratch) 29,554.
C. McConachy, Australia, (receiving 7,000) 16,867.

Welker Cochran Is New Billiard Champ

New York, N.Y., Nov. 24.—Welker Cochran of Hollywood dethroned Willie Hope as world's 181 ballpina billiards champion in the championship match completed Saturday night, 5,600 to 2,815.

Hope had the satisfaction of winning the last block, scoring 448 points while Cochran was making the 300 he needed to win the title and the diamond medal that goes with it.

Portland, Ore., Nov. 24.—Two veterans of many a gruelling golf match on courses over the country, Gene Sarazen, New York professional, and Leo Diegel, pro from Agua Caliente, were tied with 287 strokes each up on completion of their play in the final round of the Oregon open yesterday. They are playing in an eighteen-hole play-off to-day to determine the championship.

CHURCHMEN ARE WINNERS

Christ Church Badminton Players Score 12 to 4 Win Over Saanichton

Christ Church Third Division badminton team were in good form to turn back the Saanichton team on Saturday evening at the Memorial Hall by twelve matches to four. As a result the J.B.A.A. are now strongly entrenched in first place and seem destined to remain there for the rest of the first half, as they have won three straight wins.

Christ Church came on the right end in three men's doubles, while their women put them further ahead by two victories to lead six to two. Seven out of eight mixed matches also went to Christ Church.

The results follow, with the Christ Church players being named first:

MEN'S DOUBLES
Willoughby and Barnes beat Bagley and Watson, 15-3.
Willoughby and Barnes beat Carrier and Derrinburg, 15-9.

WOMEN'S DOUBLES

HOCKEY TO BE OPENED TO-MORROW

Roller Leagues to Swing Into Action With Games at Gray Line Rink in Evening

Rovers Meet McDowell & Mann; Rosebuds to Clash With Cougars in Openers

With McDowell and Mann clashing in the Rovers in the initial senior fixture and the Rosebuds meeting the Cougars in the intermediate division, regular league roller hockey will return to Victoria to-morrow evening when the squads skate onto the floor at the Gray Line Roller Rink.

After several years absence enthusiasts have been brandishing sticks and brushing up their skating for some weeks and are expected to be in fine shape when they step onto the polished planks for the openers.

Six teams will play in the senior division, while five will operate in the intermediate league. In the higher section McDowell and Mann, Rovers, Jones Bros., Cougars and D. W. Burnett will compose the loop, with the Rosebuds, Cougars, Monarchs, Canadians and Maple Leafs forming the second company.

On the roster of many of the teams are stars of squads which performed here three years ago. While they will be playing five-man hockey instead of the regular six, it is expected that they will display considerable prowess in the wheel and stick game. Pucks have been flying about regularly since the leagues were first conceived and by the time the squads have run through their opening games they should be in good enough shape to make this exhibition interesting.

M'GILL AND KRUSE DRAW
Heavyweight Wrestlers Fail to Settle Bout; Vangler Beats Clavenger

Saturday night's heavyweight wrestling bout between Pat McGill, Vancouver, and Bob Kruse, Portland, ended in a draw with each gaining one fall during the eight ten minute rounds. In the semi-windup of the car presented at the Tillicum gymnasium, Sam Vangler, Seattle, won two out of three falls from Karl Clavenger, Eugene, Ore.

Although McGill and Kruse put on a bout that was plenty rough, they failed to produce as much speed and good wrestling as Vangler and Clavenger. These two lightweights put on a great exhibition that was much enjoyed by the fans than the main event. After a fast first round Vangler secured the first fall in the second round with his deadly flying step-over hold, making Clavenger tap the mat. In the third round after he had thrown his opponent around the ring with a series of flying mares, Clavenger finished him with a flying scissor.

In the fourth round it appeared as if Clavenger would gain the deciding fall when Vangler pulled off a pretty reverse body slam for the winning fall. It was a cleverly executed bit of wrestling on the part of the Seattle boy.

McGill and Kruse displayed plenty of rough work, with plenty of appealing to the referee and arguing between themselves, but as far as any good wrestling was concerned it was absent. Both men showed a desire to seek ropes when hurt, and as a result received the boos of the fans.

The opening fall was seen in the fifth round with McGill pinning Kruse with a flying scissor.

After a headlock and arm stretch. After a fourth round Kruse evened matters in the seventh when he knocked McGill groggy with a series of rabbit punches.

The show was opened with an exhibition of club swinging by Sam Singh.

POOR PA
BY CLAUDE CALLAN

George White took our Betty to a show last night. He was a little late, but our front window ten years ago an 'Ma' predicted that the galloways was waitin' for him.

After being run off their feet in the first ten minutes of their game with Victoria City, the Jokers pulled themselves together and were somewhat unlucky in only securing a draw. During a greater part of the second half the Jokers spoiled a number of splendid scoring chances by shooting high and wide, and on one occasion hit the City crossbar with the goalie lying on the ground.

The City started off the game playing great football, but did not give their opponents a chance to get going. Due to the fine centres of Barry Stewart, Watt, Blake, "Scotty" Stewart and Wagland.

Victoria West—Restall; Thompson and Harwood; Passmore, Williams and Stewart; Foulkes, Milne, Peden, Milligan and Mulcahy.

GEORGE BURROWS MEMBER OF STRONG TEAM COMING FROM MAINLAND FOR GALA

George Burrows, all-round B.C. champion, winner of The Times Long Distance Swim for the last two years and foremost mainland challenger, will be included in the Vancouver Amateur Swimming Club team which will be over for the Y.M.C.A. British Columbia championship gala at the Crystal Garden Saturday evening.

Burrows, who has won countless freestyle championships, is expected to enter the British Columbia backstroke title event and promises to give Denny Walker, local hope, plenty of competition in the race which will be one of the features of the meet.

In a letter to Miss Pat Copeland, secretary of the "X" swimming club, Perry Norman, president of the Vancouver A.S.C., stated that his organization would enter teams in the men's and women's relay races as well as individual contests.

"Chuck" Hill, coach of the Crescent Swimming Club, reaffirmed the entries previously announced adding the name of Queenie Wiles, backstroke ace and diver, to the list.

His squad will also include fast young relay teams which should offer plenty of competition to those already entered for the event.

With Vancouver's best swimmers billed for the meet, it is expected that a record crowd will turn out for the gala.

TWO SENIOR SOCCER GAMES END IN TIES

Esquimalt, Undeclared League Leaders, Play to 2-2 Draw With Wests

Jokers and Victoria City Play to Same Result; Teams Hold Positions

No change was seen in the standings of the First Division football teams following the two matches on Saturday, as both fixtures were to a draw. Esquimalt, leaders of the league, were held to a 2-2 score at Beacon Hill, while Victoria City and the Jokers battled to a like result at the Central Park.

At the result the Jokers remain in first place, one point ahead of the Jokers, while the Thistles occupy third position, three points behind the Jokers.

Victoria City are fourth and the Victoria Wests bring up the rear.

Esquimalt and the Wests put on a fast exhibition, and the former might have easily won the match if they had displayed a little more aggressiveness in the later stages, when leading by a 2-1 count. The greenhairs after gaining a one-goal lead, attempted to lay back and protect at instead of stepping out after additional markers.

The teams were deadlocked 1-1 at half time.

The teams started the match at a fast pace and the leather was kept moving at a good clip up and down the field, although neither goal was in danger, the respective full-backs clearing well. In the early stages Esquimalt had slightly the better of the play, and during one of their attacks on the greenhairs' goal the Wests' goalkeeper, in clearing the ball and Blake, Esquimalt centre-forward, rushed in to foot the ball past Restall for the opening goal of the match.

The Wests dominated the play from this stage, with their forwards unceasingly several sparkling combination plays that put them into good scoring position, but their shooting was erratic.

THE SCORE
Shortly before half-time the Wests stepped in to win the score. "Pat" Mulcahy, at outside left, after accepting a pass from Milligan, worked in close to goal to beat De Costa with a stinging shot to the high corner of the net.

The second half had only been under way for a brief time when the Wests went into the lead on a penalty shot. Johnny Peden, in an attempt to get in close for a pot at goal, was fouled by a defender, and Referee Armstrong blew for a spot kick. "Pat" Mulcahy was responsible for the goal.

Esquimalt worked hard to get back on to even terms, the Harwood and Thompson, the Wests' backs, were hard pressed to break up the many attacks of the Dockers. During one of their rushes Bob Stewart, at outside right, was fouled by a defender, and Referee Armstrong blew for a spot kick. "Pat" Mulcahy was responsible for the goal.

Esquimalt finally tied up the score again when "Scotty" Stewart's shot glanced off one of the Wests' players into his own net.

The teams were as follows:
Esquimalt—De Costa; Nicol and Watt; Hosper, Currie and Boyd; R Stewart, Watt, Blake, "Scotty" Stewart and Wagland.

Victoria West—Restall; Thompson and Harwood; Passmore, Williams and Stewart; Foulkes, Milne, Peden, Milligan and Mulcahy.

BAYS' THREES FLASH FINE FORM TO WIN

Stagg Finishes Off Great Runs to Score Three J.B.A.A. Tries; Wanderers Weakened

Fell and Le Marquand Gain Other Points; College and J.B.A.A. Win

Bob McInnes' classy J.B.A.A. backfield flashed its old form on Saturday, when the oarsmen ran over the weakened Oak Bay Wanderers, to hang up a 15-3 victory in the second fixture in the senior rugby league at the Royal Athletic Park. Playing against the half-fighting and aggressive Wanderers, who took the field with only fourteen men, the Bays displayed a standard of backfield play that was up to that of their mid-season form. "Sailor" Stagg, new recruit, from the old navy team gained the majority of honors, crossing the Wanderer's line three times, while Allie LeMarquand and Art Fell, each scored once to give the winners their total.

Thornberry got over for the Oak Bay boys' lone tally on a play with Pease. The try was the first scored by the Wanderers this season.

Opening up a terrific attack ten minutes after the opening of the game, Art Fell tore down the wing, but lost the ball to the Oak Bay Lads, who cleared with a kick.

Le Marquand caught and ran play back, passing to Stagg near the corner. Stagg took the ball and raced for the first three points. The kick failed.

From the kickoff the Wanderers pressed, but the Bays cleared with punt and run, play before the Oak Bay attack could be completed.

Stagg raced over again but lost the ball to the Wanderers, who touched down for a safety kick. Play swung from end to end with the newcomers into the senior league forcing the Bays to their line frequently.

PRETTY PLAY
On a beautiful run, starting at mid-field, Cockin, Godwin and Fell carried the ball to the Wanderers' line. Parfitt dropped Fell, but Le Marquand scooped up and went over for a try. Agate failed to kick.

Still on the attack Hume, Le Marquand and Stagg raced play from their own thirty-yard territory into that of the Oak Bay team. Stagg went over to bring the score to 9-0. The kick went wide.

Art Fell started a new play, throwing a long floater past his wing to the inside man on the other side of the field. Hume caught and gained ground before passing in turn to Stagg, who raced for the flag and got over. The try was scored.

Fred Pease opened a brilliant swerving run which carried play from the Wanderers' forty-yard line to the Bays' thirty-yard territory. He was brought down, but threw to Roberts, who ploughed through and passed to Symons. Symons made a good attempt to crash over, but was forced out.

WANDERERS FORCE PLAY
For three successive line-outs, the Wanderers held the Bays on their line, hammering away without a break. Finally they forced the ball over in the scrum and the oarsmen touched down for a twenty-five yard safety kick. The rally was the best made by the Wanderers throughout the day and deserved a try.

A minute later the halftime whistle blew.

The second period was scarcely ten minutes old when Thornberry and Fred Pease combined on a pretty run after the Oak Bay backfield had been dribbled. Pease scooped up twenty-five yards out and ran through to the ten-yard line. There he passed to Thornberry, who went over between the posts. Pease missed the kick from an easy angle.

The Wanderers remained on the attack, but were bucked back by the running and kicking play of the oarsmen. Twice the Bays kicked the ball over the Oak Bay line, but the Wanderers secured safeties.

Don Harrison let the Oak Bay pack down on a smashing dribble, but was halted by the blue shirts backfield which kicked clear and returned on the attack.

Play swung from end to end with both teams sharing play.

SCORES ON LONG RUN
Just before the final whistle, Fell took the ball at his own thirty-yard line and ran through the Wanderers' backfield, outdistancing the fullback Parfitt, to score the closing try. Again the kick failed.

The Oak Bay boys showed considerable improvement over their exhibition of the season opener. With a full team they might have given the oarsmen a still tougher fight.

J.B. Acland refereed and the teams lined up as follows: J.B.A.A.—Eagel, Fell, Le Marquand, Hume, Stagg, Godwin, Cockin, McMillan, Sparks, Ray, Fanning, D'Arcy, Pettitrew, Goad and Warnock.

Wanderers—H. Parfitt, Hopewell, Pease, Thornberry, Usher, Symons, Haines, Roberts, Hicks, Hood, Harrison, Sturrock, Scott and Goldby.

INTERMEDIATE RUGBY
Standings remained the same in the Intermediate League, with Victoria College tramping over the Oak Bay Wanderers to hang up a 35 to 0 victory, while the J.B.A.A. won a hard-fought battle from the Canadian Scottish by 9 to 3.

Bill Boorman, flashy inside three-quarter for the Craigdarroch boys, turned in the outstanding performance of the day as far as scoring was concerned. He left the field with fourteen points to his credit. Paddy Walton scored twice and the Wanderers' Rod McInnes, Robinson and Boorman all converted beautifully on several of the tries.

Pretty three-quarter runs were seen during the game as the blue-and-gold backfield swept the field.

The Wanderers fought hard, but

Williams and Stewart showed up well for the losers.

Bill Lemm, Capital's Canadian rugby star flying wing, opened the scoring for the Bays in their encounter against the Scottish when he dropped over a pretty point from the twenty-five-yard line on a penalty kick.

The Scots' forwards equalized shortly after, when Quinn carried the ball over on a smashing pack play.

Just before half time Omand secured at midfield and ran through the opposition to score the oarsmen's first try which, with their penalty goal points gave them a 6-3 lead at half time.

The multi-talented pressed at the opening of the second half and several times came within an ace of scoring, only to have the Bays clear in crucial moments.

Jack Dunn, outstanding J.B.A.A. forward, put the game on ice when he picked up well in his own territory and ran through for another touchdown.

In the first half the Sooke team took a big lead and at the rest interval were leading 20-8. The final twenty minutes of play found the Victoria team outscoring the home five by 15 to 13, but they were unable to make much headway into the early lead gained by the home five.

Al Foulisher, who collected fifteen of The Times' total was the outstanding player on the floor, while McIntosh and Shields collected ten points apiece to lead the home five in scoring.

CLEVER FARCE OPENS TO-DAY AT THE ROYAL

"Tons of Money" Is Title of Brilliant Comedy to Be Presented By McLeod Players

"Tons of Money" to-night at the Royal Victoria Theatre. This farce should prove the most attractive offering yet made by the Gordon McLeod Company. Written by two brilliant comedians, Will Evans and Vallantine, it was produced at the Aldwych Theatre in London. For months it was impossible to get a seat in the theatre so popular did the play become. After playing in London it toured all the principal towns of England, and then went to New York. Wherever it has been it has proved a huge success. And the reason for that is that there has seldom been a more cheerful and laugh-provoking play.

To tell all the plot would be to spoil the story, but it concerns two happy-go-lucky young people who, living in a big house with every appearance of luxury, are really penniless. Then comes the news that a big fortune has been left them, unfortunately not without complications. What all those difficulties lead to is the foundation of the plot. The absurd situations,

the final denouement are really clever. A splendid cast is presenting the play. Lillian Christine has a wonderful comedy role. Elly Malyon has a character part in which she excels. Moira Leigh is a beautiful young actress who has not yet made her bow to Victoria audiences. Then there is Patrick Ludlow, already well known for his clever and droll acting. Robert A. Day, Wylie Watson, Rex DeWalla, who made such a hit as the crook butler last week; Peggy Burnand, George Durham and Hugh Symington, the stage director of the company.

VON STROHEIM HAS ROLE AT THE DOMINION

Clever Actor Leads Fine Cast in "Three Faces East" Here Until To-morrow

Far behind the lines of both opposing forces, men and women fought valiantly for their countries, their one aim being to secure information regarding the operations of the enemy. "Three Faces East," the Warner Bros. and Vitaphone mystery melodrama, features Eric von Stroheim and Constance Bennett, and showing to-day and Tuesday at the Dominion Theatre, reveals for the first time in the talking screen the inner workings of the great spy systems of two countries engaged in the World War.

Their bravery is dramatically depicted in this production, which is adapted from Anthony Paul Kelly's successful stage play of the same name.

Others in the cast are Anthony Bushell, William Courtenay, Crawford Kent, Charlotte Walker and William Holden. Roy del Ruth directed.

FEW CARS HAVE PROPER FOCUS ON HEADLIGHTS

Provincial Police, Now Testing Lights, Find Many Deficiencies

Only three or four out of every hundred cars tested by Provincial Police have headlights properly focused, according to officers who are at present conducting tests on highways near the city.

Drivers of all cars with defective lights are given forty-eight hours in which to have the defects remedied and must then report to police for testing to avoid prosecution.

The testing device used by officers on the road fits on to the front of the lights and shows in a few seconds whether or not the beams are focused properly. Officers explain that the majority of cars have lights from which the beams are thrown downward to the road in front of the car and upward off the road. Properly focused lights should throw one direct beam in front of a car, hitting the road one hundred feet in front.

To facilitate adjustments for motorists official testing stations have been established in garages, and certificates received from these stations are recognized by the police. Mechanics who have taken a government examination and who use special apparatus are engaged in the testing and adjusting at these stations. When lights are adjusted by unrecognized garages further testing at police headquarters is necessary before the official O.K. is given. While there are only two official stations in the city at the present time, it is expected several other garages will provide facilities shortly after mechanics have undergone examinations.

The woman, Mrs. Lily Hiythe, wife of the captain of one of the boats, served aboard as mate. She said when the rough seas threatened to swamp the boat they poured kerosene in blankets and set them alight as they had no fires. Then, the blankets gave out they burned all extra clothing.

Vienna, Nov. 24.—A hurricane swept through the Australian capital yesterday, killing one person, injuring more than 100 and causing much damage to houses.

REDUCED PRICES

Price reductions of \$50 to \$80 on the various models of the Chevrolet Six car were announced here this week by James Wood, manager of Reg Motor Company Limited, local Chevrolet distributors.

The models affected and the amount of the reduction in each case follow: Roadster delivery, \$75; roadster, \$60; sport roadster, \$60; coupe, \$60; sport coupe, \$75; coach, \$60; club sedan, \$75; sedan, \$75; sport sedan, \$75; utility express truck, \$60; utility express truck with cab, \$80; commercial chassis, \$60.

This latest move of the company brings the price range of the Chevrolet Six to less than the range of the four-cylinder car at the time of the change-over at the close of 1929.

LIBRARY ON WHEELS
British Columbia offers a tip to literary extension workers elsewhere in Canada. Because the Provincial Government of British Columbia believes in helping the rural dweller, it instituted a travelling library service for the benefit of those people. A General Motors truck, with a special body containing shelves for nearly a thousand books, has been operated on a regular

schedule through the Fraser Valley, enabling people in the farming sections to take out books as often as twice a month. Inside there is a desk and sliding seat which extends the entire length of the coach. The wandering library is reported to have been well patronized.

CANADIAN EMBLEM

The maple leaf of Canada, bearing the slogan "It's Better Because It's Canadian," is doing trade missionary work in more than one hundred different countries all over the globe. Recent figures from the export department of General Motors of Canada limited show that the Canadian Chevrolet and other Canadian-made cars from the Oshawa factory are being shipped abroad in increasing numbers.

Take the case of British West Indies alone, the number of cars exported there by Canada increased from 139 in 1922 to an average of over 1,000 per year in 1929 and 1930. To British East Africa the exports of twelve cars in 1922 have grown until they reached an average of 1,600 a year in 1929 and 1930. The attitude of foreign countries, particularly British possessions, toward Canadian products is gradually changing for the better as the quality and

MODERN DRAMA OF MARRIAGE IS FEATURED

Capitol Showings "A Lady Surrenders" For Three Days With Popular Players

"A Lady Surrenders" opened its local engagement at the Capitol Theatre to-day. Audiences there will be treated to one of the smartest, most sophisticated dramas of the season. Adapted from John Erskine's famous novel, "Sincerely," the picture deals with marital difficulties of a well-to-do young manufacturer and his wife, a successful novelist.

When the wife, quite frankly bored with her husband, writes an article on married life, expressing her opinions as gained through her own experience, the husband makes a date with the author. The wife sends her closest friend in order to get her husband's reaction. The complications which follow this harmless bit of play are far-reaching, resulting in one divorce and a bigamous marriage.

Directed by John M. Stahl, one of the best known directors and producers in the business, "A Lady Surrenders" is one of the most interesting pieces of entertainment to come from Hollywood this season.

A brilliant cast, headed by Conrad Nagel, Genevieve Tobin, Basil Rathbone, Rose Hobart, Carmel Myers, Vivian Oakland, Franklin Pangborn and Edgar Norton, portray the various characters in this ultra-modern story.

Winnipeg, Nov. 24.—Walter F. Payne, assistant managing editor of The Manitoba Free Press, and one of the best known prairie newspapermen, was critically ill in a hospital to-day. Little hope was held for his recovery. Following a breakdown in health last week, Mr. Payne a member of The Free Press staff for forty-nine years, was removed to the hospital Wednesday. He also is widely known in curling circles.

A DRAMATIC ALL-TALKING ROMANCE OF THE ENGLISH SECRET SERVICE!

"THREE FACES EAST"

Does the fall of the flesh drown out the call of duty? Can a woman madly in love with a man heed her love for her country? Would she kill her lover to serve the flag? The answer is melodramatically told in this tremendous drama of thrills and suspense.

Kisbey, Sask., Nov. 24.—J. Gawley, twenty-six, of Kisbey, was drowned in Hazard Lake, about four miles north-east of here, Saturday afternoon, when a truck he was driving across the lake on the ice broke through and settled in about ten feet of water.

Splendid English Cast Is Playing In Coliseum Film

Owen Nares Leads Popular London Cast in "Loose Ends" Now Showing Here

"Loose Ends" is the brilliant dialogue version of the remarkable stage play of the same name by Dion Titheradge, which ran at Wyndham's Theatre recently. It is one of the most interesting productions which have ever emanated from the British International Studios at Elstree, and is now the feature attraction at the Coliseum Theatre.

Owen Nares plays the part created on the stage by Dion Titheradge—that of the down-and-out and embittered man who is rescued from the depths by an ultra-modern young actress, only to find his new-found faith in humanity shattered.

The role of Malcolm Forbes affords an excellent opportunity for a characterization of rare dramatic intensity, an opportunity of which Owen Nares avails himself to the utmost.

Edna Best, who is seen with Owen Nares in "Loose Ends," first acted in the talks with the incomparable actor, Seymour Hicks. On the stage she recently had an enormous success with her husband, Herbert Marshall, as "Michael and Mary."

Beautiful Adrienne Allen, another well-known stage actress, is Brenda Fallon. In private life she is the wife of Raymond Massey, the well-known actor and producer.

Donald Cathrop, that inimitable actor, who scored such a success in "Blackmail," is Winton Penner, the newspaper gossip writer; Miles Mander is Carteret, a cynical man-about-town; Sybil Arundale is Sally Britt; Edna Davies and Gerard Lyle are also in the cast.

Captain Norman Walker directed this picture for British International, in the production of which the author, Dion Titheradge, closely collaborated.

Amos n' Andy To Appear in Picture Coming Saturday

Popular Stars of the Air to Play in "Check and Double Check" at the Dominion

Critics who think that Amos n' Andy are merely two voices offering the cleverest and most human nature sketches ever spoken are due soon to deliver some amazed cheers for two great actors as well.

First flashes of "Check and Double Check," the initial all-talking feature picture starring Amos n' Andy, to be shown at the Dominion Theatre, commencing Saturday, November 29, prove that Amos n' Andy are not a radio miracle but two screen players of rare talents.

The first Amos n' Andy feature talking picture, built entirely on episodes in the history of their adventures with the Fresh Air Taxi Cab Company of America, Incorporated, brings to the screen the beloved characters together with Madame Queen, Ruby Taylor, the Kingfish, Lightnin', the members of the Mystic Knights of the Sea, and Duke Ellington's sensational jazz band. A white folks' story, woven into the pattern of Amos n' Andy comedy, offers such stars as Irene Rich, Sue Carroll, Charles Morton and Ralf Harold.

Norma Shearer Has Leading Role Here At the Playhouse

Talented and Beautiful Actress Appears in Strong Part in "Their Own Desire"

Some girls, even though followers of the latest fashions, give the impression of careless dishabille, which is in direct contrast to the clean-cut types who always look immaculate.

Sometimes this is due to the styles followed, and to the type of hair-dress chosen—but it is also often the result of a lack of attention given to details.

Norma Shearer, Metro-Goldwyn-Mayer star, who will be seen in her latest picture, "Their Own Desire," is the type of girl who always gives the effect of being well groomed. Even during the lean days when she was starting in pictures she was referred to as "that neat little Shearer girl."

This has been due to the care she has given to her toilet for, although her clothes are always well chosen, it is her fastidious appearance that has always been complimented upon.

Her hair is always brushed sleekly away from her face in soft close-fitting waves, giving her face a fresh look, and as her hair is worn away from her forehead the eyebrows are accentuated, necessitating a daily watch over any stray hair which might spoil the smooth arch of her eyebrows.

Warner Baxter In Stellar Party In Elinor Glyn Story

Columbia Theatre Shows "Such Men Are Dangerous"

A fascinating and intriguing Elinor Glyn story and a cast of unusual excellence make "Such Men Are Dangerous," Fox Movietone all-talking drama, a triumphant success as screen entertainment is now showing at the Columbia Theatre.

Warner Baxter who came into prominence for his performance as the "Cisoo Kid" in "In Old Arizona," portrays the leading male role and reveals a new and delightful Baxter in a most difficult characterization. The leading feminine role is enacted by Catherine Owen appearing as the beautiful bride who desires her husband on the night of his wedding on account of his repulsiveness. She is practically a new comer to the screen, but is a thoroughly talented actress and possesses of both charm and extraordinary beauty.

"Such Men Are Dangerous" embraces everything that recommends it, suspense, thrills, and dramatic situations.

TELEGRAPH BRIEFS

St. John, N.B., Nov. 24.—Chances in the New Brunswick Liquor Control Act that would permit hotels in this province to serve light wines and beers at meals will be sought by the Maritime Provinces Hotel Association.

Brussels, Nov. 24.—Eugene Ysaie, Belgian violinist, returning to Brussels yesterday after appearing at a concert at Liege, was suddenly stricken ill. His condition was said not to be grave, but his physician advised complete rest.

Athens, Nov. 24.—Two officers, sons of General Papoulas, former commander-in-chief of the army, were arrested yesterday, charged with being concerned in a plot to restore General Theodoros Pangalos, former Dictator, to power.

Piedmont, Ala., Nov. 24.—The baby blimp Vigilante, owned by the Good-year Tire and Rubber Company of Akron, Ohio, was wrecked on Smoky Mountain, the miles east of here, yesterday. The crew of three escaped without injury.

Winnipeg, Nov. 24.—Police raided headquarters of the Communist Party here Saturday and made a thorough search for books and documents, but according to Communist representatives, nothing was confiscated. No arrests were made. Police gave no reason for the raid.

Tirana, Albania, Nov. 24.—Slight earth tremors were felt yesterday at Terbatch and Dukar, in the same region of southern Albania where an earthquake caused more than fifty deaths last Friday. Most of the houses in the two towns had been destroyed by the previous shocks and the inhabitants were shelterless.

Los Angeles, Nov. 24.—One man was shot and killed and another seriously wounded early yesterday when they sought to put up a gun fight with Patrolman D. L. Urquhart of the Culver City police. The man killed was identified by fingerprint experts as Roy W. Williams, alias Robert Collins, who had been arrested here and in San Francisco on various charges since May, 1928.

Madrid, Nov. 24.—Believing the serious labor disorders of the last ten days were over, the Government today set about speeding up its programme to return Spain to constitutional government. The strikes in Madrid, Seville, Castellon, Jerez, Valencia and Oviedo appeared virtually ended. At Barcelona yesterday conditions had returned so much to normal that Government Despujols permitted playing of the regular Sunday football games.

Toulon, France, Nov. 24.—The Italian hydrographic service named the Irony, missing in the Mediterranean region since early Friday, still had not been found this morning. The French Minister of Marine had ordered the Toulon naval base to send out the entire division of torpedo boats and several dispatch vessels to search between the Balearic Islands and Corsica.

The Irony, which was in the mail and passenger service between Barcelona, Marseilles and Rome, carried a crew of five and two passengers when it left Barcelona early Friday.

Havana, Nov. 24.—Mrs. J. M. Keith-Miller, Australian aviatrix, who left Pittsburgh Saturday morning on a flight to the Cuban capital, reported at Curtis Airport at "Machado Town," that she had been rescued by a Cuban plane.

Mrs. Keith-Miller spent Saturday in Charleston, S.C., and landed at Miami at 1:10 p.m. yesterday. At 2:30 she took off for Cuba, reaching here at 4:47 p.m. The Australian flier is remaining here until Tuesday.

Horoscope

TUESDAY, NOVEMBER 23, 1930

Benefic aspects seem to rule to-day, according to astrology. It is a day when which to be active in important matters. Women should make much of the opportunities that appear under this direction of the stars. Public affairs and domestic interests should divide attention.

In the early morning financial conditions may seem unsatisfactory, but later cheering news may be expected. A rare and favorable wedding day making for love and prosperous partnership. Good luck will come through many channels. It is foretold.

Women's clubs and organizations to-day have the best possible planetary guidance which may prepare them for future public work.

If the stars are rightly read women are to be prominent in scientific reform work and they will contribute remarkably to nation-wide movements to blot out crime. Astrologers to-day should benefit from an unusually propitious planetary guidance that indicates fame for new names.

This should be an extraordinarily lucky day for seeking employment. Women are especially guided. It is foretold, and good pay is indicated.

Fame for statesmen and diplomats, who will become national leaders in reforms making for better American citizenship is prophesied.

Surprises among adherents to political parties are again prophesied and sensational events are forecast.

Persons whose birthdate it is have the aury of a happy year in which business as well as friendship progresses.

Children born on this day probably will be cheerful and efficient. The subjects of this sign are usually democratic, friendly and popular.

Andrew Carnegie, famous capitalist and philanthropist, was born on this day, 1837.

CENSUS SHOWS POPULATION OF UNITED STATES IS 122,775,500

Washington, Nov. 24. — The 1930 population of the United States is approximately 122,775,500.

On Saturday, the Census Bureau announced 122,775,500 as the final total of the compilation it started at the beginning of the year. All revisions have been completed.

The census report shows the number of inhabitants of the forty-eight states increased in the last decade by 17,064,426, or 16.1 per cent. The 1930 population was 105,710,920.

In the column showing the percentage of increase by states is a key to several important trends of the last ten years. Leading in this table is California with 65.7 per cent, and Florida on its heels with 51.6, both showing the pull of climatic attractions. Third with 32 per cent is Michigan, centre of the fast-growing automobile industry. Fourth is Arizona with 30.3. New Jersey had 28.1, sug-

gestive of the shift from metropolis to adjacent suburban territory. Texas with 24.9, and North Carolina with 23.9 pointed to the southern advance in industry and agriculture. Oregon had 21.8, a symptom of the westward shift. New York, ninth in rank, had 21.2.

For tenth place West Virginia and Louisiana tied at 18.1 per cent. California led also in total gains, adding 2,250,390 inhabitants, while New York state gained 2,202,839. Michigan, Texas and Illinois were the only other states to gain more than 1,000,000. Only one state, Montana, lost population, dropping 11,283.

To-day's announcement included the outlying territories and possessions, except for the Philippine Islands. Substantial increases were shown by Porto Rico, Hawaii and the Panama Canal Zone, with the Virgin Islands the only loser.

JOBLESS BUILD MODEL HOVELS IN JUNK PILE

Homeless Chicago Wayfarers
Huddle Under Shadow of
Loop Skyscrapers

Chicago, Nov. 24. — Sharp winds foretelling winter's rapid approach found many of the Chicago's homeless and hungry secure in shelters they have built amid a mass of brick, stone and junk.

A block square in Canal Street, just west of and in sharp contrast to Chicago's towering loop skyscrapers of steel and concrete, is the "city of the homeless," where color and creed mean nothing, and where the one concern is whether the police department will be more interested in its "citizens."

Here—in, over, under and between the mass of broken brick, stone, cement block, tin, junk, boards and dirt—at least four score of the city's unemployed have constructed "model" hovels for winter shelter.

RUINED GRANDPUP
This small group, those who want to work and can't, and a greater number who habitually avoid any form of constructive action, are the "city of the homeless" that reflects more the appearance

of ruined Pompeii than structural Chicago. Homeless men, and hungry too—three times a day—the Canal Street clan exemplifies one minority of a mass of 115,000 registered, and many more, unemployed.

The home-made huts represent almost the primitive in architectural design. The materials—principally brick and tin—are more modern, but they have been combed from the huge debris ground that is bounded by Canal and Harrison and Clinton and Polk Streets.

Some have been erected with particular care. The crevices are filled with mud and rags and dirt. Inside may be a strip of discarded carpet spread on dirt or bare earth. Every hut has its stove, each original enough to patent.

SAVING OF LABOR
Here every man is a king every day. There is no legislature, no fire department, no circuit court, and no commissioner of public highways.

The contour of the huge debris grounds resembles somewhat a golf course. The "streets" of the ragged village are in the valleys. The piles of broken brick and brick in most instances form three sides of a hut. The cave design is predominant as this requires the building of but one wall.

Langford

All members and friends are invited to be present at a social evening on Thursday, November 2 at 8 o'clock at the "city of the homeless." Cards will be played, the ladies' first prize being a dressed chicken, while the lucky highest scorer for men will receive a sack of potatoes.

A series of these social evenings will be held on the second and fourth Thursdays.

WIN EASILY FROM QUAKERS; CHICAGO BLANKS CANADIENS

(Continued From Page 8)

Hawks trounced the Les Canadiens of Montreal, 3 to 0, in a national hockey league game yesterday evening.

Before a crowd of 15,000 the Hawks outfought the swift world champions, scoring a goal a period to win.

The flying Frenchmen skated like wild men all the way and had plenty of shots, but could not get through the Hawks' goal.

The victory was the first for the Hawks over Les Canadiens since December, 1927.

Canadians — Hainsworth; Burke, S. Mantha; Morenz, Joliat, Larochelle, Suba; Mondou, Wasmie, Leduc, Lepine, McCaffrey, G. Mantha, Gagnon and Rivers.

Chicago — Gardiner; Graham, Dutkowski; Somers, March, Arbour, Suba; Abel, Ripley, Couture, Miller, Cook, Wentworth, Gottselig, Ingram, Bostrom and Adams.

Officials—Ton and Romerill.

SUMMARY

First period: 1—Chicago—Cook (Graham), 14-50.

Penalties—Larochelle, Somers, Dutkowski.

Second period: 2—Chicago—Ripley (Gottselig), 3-18.

Penalties—Dutkowski, Morenz, Wasmie and Graham.

Third period: 3—Chicago—Ripley 17-50.

Penalties—S. Mantha, Dutkowski, Joliat, O. Mantha, Milner, Burke, Adams, Leduc and Graham.

Toronto, Nov. 24.—Toronto Hawks yesterday night defeated Ottawa Mainland on December 6.

Senators, 2-0, in a sparkling National Hockey League fixture crammed full of speed and excitement. It was the fifth straight victory for the Leafs, who, so far, have breezed through all their engagements without having a goal scored against them.

Both teams showed midseason form, and battled right heartily from bell to bell. Toronto's first tally came half-way through the second period, when Cootson sank Bailey's perfect pass into the Ottawa net. The goal was the culmination of a feverish attack on the Leafs' part. Three seconds before the game ended, Conacher took Jackson's pass to put the Leafs two up.

The goalies, Chabot and Connell, were outstanding throughout. Both stood long and short-range bombardments repeatedly, and the two goalies gave Connell no chance to save.

The game, while hard-fought, was very clean. Only eight penalties were handed out, all being for minor offences.

THE LINE-UPS

Toronto—Chabot; Day, Clancy; Blair, Bailey and Cootson. Subs—Conacher, Jackson, Primeau, Horner, McPherson and Grant.

Ottawa—Connell; Alex Smith, Art Smith; Lamb, Kilrea and Finnigan. Subs—Starr, Gagne, Cox, Touhey, Pettigrew, Connor and Beveridge.

Referee—Bert Corbeau and Jerry Goodman.

SUMMARY

First period—No score. Penalties: Kilrea, Cootson.

Second period—1, Toronto. Cootson (Bailey), 10-18. Penalties: Alex Smith, Finnigan, Horner, Conacher.

Third period—2, Toronto. Conacher (Jackson), 19-27. Penalties: Clancy.

Montreal, Nov. 24.—Stung by four straight defeats, the Montreal Maroons Saturday night showed their ability to score, and defeated the New York Americans 4-3, in a scheduled National League hockey match here.

The local heavy scorers of former years found their shooting eyes Saturday night. Stewart, Siebert, Trotter and Ward gained first place in the league standings with goals by Burch, Neville and Patterson.

The game was far more wide open than the two teams usually play, and the goalies were hard put to it to keep the puck from reaching double figures. The Americans had previously been scored on only once since the season started, while Maroons had only scored one goal in their first four starts.

THE LINE-UPS

Americans—Worters; Dutton, Brydge, Burch, Patterson. Subs—Neville, Emma, Carson, McViegh, Sheppard, Massacra, Hughes and Fringie.

Maroons—Walsh; Gallagher, McVicar, Stewart, Smith, Siebert. Subs—E. Roche, Haynes, Conacher, Ward, Trotter, Higgins, Phillips, Boucher and Kerr.

Referee—Mallinson and Shaver.

SUMMARY

First period—1, Montreal. Siebert (Conacher), 7-15. Penalties: Brydge and Wilcox.

Second period—2, Montreal. Trotter (Higgins), 18; 3, Americans. Burch (Dutton), 3-21. Penalties: Carson.

Third period—4, Montreal. Stewart (McVicar and Smith), 10-20; 5, Americans. Neville, 1-5; 6, Montreal. Ward (McVicar), 3-28; 7, Americans. Patterson (Hines), 2-28. Penalties: Conacher, Stewart and Smith.

Syracuse, N.Y. Nov. 14.—Buffalo defeated Syracuse 2 to 0 here yesterday evening in an international hockey game. Buffalo took a 1 to 0 lead after ten minutes of action that had the crowd in an uproar with Huard's goal and boosted it to 2 to 0 shortly after the second period started through Gordin.

Cleveland, Ohio, Nov. 24.—In a game filled with tense action, the Cleveland Indians yesterday evening squeezed through to a 1 to 0 victory over Buffalo in an International Hockey League match here.

Two thousand fans were kept on their toes through the first period and down and down and down as Ken Dorsey, crack Indian right wing, poked the disc into the net with thirty seconds to go in the second period, for the only score in sixty minutes of rapid fire puck shoving.

Minnesota, Minn., Nov. 24.—Playing before a capacity house the Chicago Shamrocks defeated the Minneapolis Stars 3 to 2 in the third period of the opening game of the local American League hockey season.

Outplayed by Chicago during the first part of the opening period, Minneapolis finally broke through and scored on Lessard's shot from scrimmage. Both teams put on a hard and fast game, but neither could score in the middle session. In the third period Chicago put over two to take the lead on Headley's goal from scrimmage and Hurligan's solo, but it was quickly tied on Gordon's solo.

The winning goal was scored by Burns in the overtime period.

Scots to Meet Bays In League Fixture; Drop "Rep" Workout

In place of the practice game between the Victoria "Rep" team and another local all-star fixture, originally scheduled for next Saturday, local followers of the game will see the Canadian Scottish in action against the J.B.A.A. It was announced this morning by Fred Cabellou, secretary of the city union.

It was thought to be of more value to have these teams play than to have a proposed McKennie Cup squad turn out against a pick-up fifteen. At Saturday's game between the Oak Bay Wanderers and the carmen, members of the selection committees for the inter-city fixtures kept their eyes peeled for likely-looking players. They will be out again at next Saturday's regular league fixture and should be in a place to announce their selection by the beginning of next week in time for two or three workouts before the McKennie Cup game on December 6.

DAILY HEALTH SERVICE
Injection Of Drugs Into Heart
Sometimes Will Restore Life
By DR. MORRIS FISHEIN

Again our scientific public interest is aroused by the fact that someone who is apparently dead is restored so far as concerns the beating of his heart and his breathing by injection directly into the heart of some effective drug.

The preparation usually used is an extract of the suprarenal gland called epinephrine or adrenaline. In a recent review of medical opinion on this subject, Dr. A. S. Hyman points out that this technique is hailed on one hand as a miracle of science, and on the other as a useless and dangerous operation. Hence he has summed up this method in his own words.

Dr. Hyman points out that not infrequently the heart will suddenly stop during the course of a surgical operation and that in such an emergency surgeons have been able not infrequently to resuscitate the heart beat by massaging the heart through the diaphragm.

When the heart stops, the circulation of the blood naturally stops, and if the circulation is delayed over a long period, death inevitably follows. It is said that certain portions of the brain are damaged irreparably after some five to eight minutes of the stopping of the circulation. On the other hand, the hair follicles in the skin may continue to be alive and to grow, hair as long as seventy-two hours after the heart has stopped beating.

Various authors disagree as to the length of time after which resuscitation may be possible. The longest concerned a man seventy years of age whose heart was revived by injection of a drug directly into the heart a half hour after all signs of beating had ceased, and there are other cases in which the heart had stopped from fifteen to twenty minutes and the patients recovered following the use of this method.

The physician must make a decision in each case on the basis of the conditions in the individual patient. If the patient is healthy, except for some acute surgical condition, a shock, an accident, or a collapse, an injection directly into the heart may mean the restoration of life.

If, on the other hand, the patient has a heart that is badly degenerated, very high blood pressure, hardening of the arteries, or if he has suddenly died from severe infection, the decision may be against the use of this method.

If a person is undergoing a surgical operation, the safer method is probably massage of the heart through the opened abdominal cavity.

It is taken for granted that the injection will be made in the proper place by the proper method. This seems to be injection into the right auricle or upper chamber of the heart by the use of a slightly curved needle which is inserted between the ribs in the right side of the sternum or breast bone.

man team will be Al. Espinosa of Chicago, Ed. Hilgendorf and Al. Watrous of Detroit, Ed. Dudley of Philadelphia, John Golden, Billy Burke, Joe Turnesa, Bill Klein and Whiffy Cox of New York; Olin Dutra of San Francisco, Henry Cuiet of Bridgeport, Conn.; Craig Wood of Newark, N.J.; Frank Walsh of Wisconsin and Benny Shute of Columbus.

Boston, Mass., Nov. 24.—The Canadian-American League champion Providence Reds defeated the Boston Tigers 4 to 2 yesterday evening and gained first place in the league standings. Guadalupe, Providence centre, scored two of the Reds' goals, and passed to Hart for the final tally.

ISLAND COAL IS GOOD COAL

THE Canadian Collieries (Dunsmuir) Limited desire to thank the general public for practical support extended to the Island Coal Dealers in their efforts to increase the output and widen the markets of this important B.C. home industry.

The response provides ample evidence of deep-seated patriotism and a preference for the strictly home-produced article. There is also a definite indication that last year's decline in tonnage production at pithead has been arrested.

This means that there will be less unemployment in Nanaimo—fewer empty houses—more money in circulation—more money for necessities—and more business for Vancouver and Victoria merchants.

And because Nanaimo-Wellington and Comox Coals—at relatively lower prices—give so much more all-round satisfaction than imported fuels, it surely pays to be patriotic.

Support these "approved" merchants. With your help they can keep the home fires burning to good effect—and you will be doing your share towards building greater prosperity for your own district.

BEAVER LABEL IS SUGGESTED

The Canadian products group of the Junior Chamber of Commerce will meet to-morrow night at 8 o'clock to further consider ways and means of developing local patronage for Canadian manufacturers.

The adoption of a national trademark by manufacturers has already been suggested, in order that Canadian purchasers might readily distinguish home products from foreign imports. It is felt that the Canadian beaver might prove a suitable emblem if used universally throughout the Dominion. The advisability of broadcasting short talks on the benefits which citizens indirectly derive in purchasing Canadian products will also be considered.

Miniature Golf Tournament Ends Saturday Night

With the announcement on Saturday that the Miniature Golf Tournament would terminate at midnight on November 29, the various golf courses, in the city saw the commencement of the last rush of those who decided to participate in the tournament and compete for the numerous prizes which are being offered.

An interesting feature of the tournament is that both men, women and children of all ages ranging from eight to eighty, have entered and are exerting every effort to beat previous records.

One peculiarity of the game is that experience does not seem to count, as the records which have so far been made are held by players who frankly admit that they have only recently learned how to manipulate a golf club.

NEWS IN BRIEF

Fire on the roof of a shed at the rear of the Occidental Hotel on Johnson Street was quickly controlled at 2 o'clock this afternoon by the Fire Department.

The members of men's mess of the First Battalion, 10th Canadian Scottish, will hold a smoker and concert in the Armories, Bay Street, to-morrow evening, when they will entertain their men friends.

Wills probated here for the week include: Joseph M. Hawthorne of Seattle, who died April 2, 1929, British Columbia, estate \$3,000; Harry W. Wyle of Victoria, who died June 12, 1929, estate \$5,000; Mary Wilcock of Victoria, who died October 7, 1930, estate \$7,502.

Fifteen acts of vaudeville presented by the Veterans of Farnoe concert party will be presented at the Chamber of Commerce December 4 and December 5, at a big show being arranged by William Hansen. The proceeds will be for the Solarium and the Armistice Period Committee.

Dr. A. F. Barton's free health class will meet this evening at 8 o'clock in the Progressive Thought Temple, 935 Pender Avenue. The subject of the lesson will be "Foods That Build and Destroy Health—Starch Poison Aliments, Their Cause and Cure."

A special meeting of the North Saanich Horticultural Society will be held at the Wilsons Inn, Deep Cove, to-morrow afternoon at 2.30 o'clock. E. M. Straight of the Dominion Experimental Station, will speak on "Home Gardening," illustrating his lecture with slides.

About 900 persons took part in the dance at the new Shrine auditorium on Saturday, November 22. Zala's orchestra supplied the music. This was one of the most successful dances arranged by Local 310 of the Teamsters and Chauffeurs' Union. Plans are now being made for a dance and frolic early in the new year. The winning ticket for the tomobola was A2961.

The Society for Psychical Research held a home-cooking stall in Spencer's on Saturday. There were three correct answers for the weight of the Christmas cake, which was six and a half pounds. The correct guesses were made by Mrs. Lawson, Scott Building; H. Corke, 2867 Inlet Drive, and J. Allan, No. 2 Fire Hall. The cake was cut in three to the satisfaction of the winners.

The Burnside Lawn Bowling Club military five hundred held in Hampton Hall last Saturday evening was well attended, there being eighteen tables occupied. Two charter members of the club, J. P. Hibben and M. Boyd, were the hosts of whom J. M. Boyd, a former president, although residing at Eastbourne, England, still retains an active interest in this club which he was instrumental in organizing. Three tables were tied for first place, and had to cut for first prize, with the following results: First, Mrs. Byng, Mrs. Green, Mr. Harman and Mr. Mercer; second, Mrs. Simpson, Mrs. Pass, Mr. Findlay and Mr. Eastham; third, Mrs. Vallance, Mrs. Hill, Mr. Wells and Mr. Spencer.

MAN'S BODY IS FOUND IN PARK LAKE

Police Drag in Pool as Result of Notes Left By W. MacKay

Dragging in Goalscar Lake, Beacon Hill Park, by police this morning revealed the body of William MacKay, elderly resident of 851 Cornwall Street, whose disappearance was discovered shortly before 8 o'clock.

As a result of two notes left by Mr. MacKay, dragging was done at the park lake, and the remains were found just after noon.

The body was removed to Sands Funeral Parlors, where it is probable an inquest will be held.

A neighbor of Mr. MacKay notified police shortly before 8 o'clock this morning of his disappearance, stating a note had been found at the home, which said he would be found "under the stone bridge at Beacon Hill Park." Later one of the city park employees discovered a cap by the parapet on the bridge with the same message and giving the names of the coroner and an undertaking parlor, and signed "Wm. MacKay."

Dragging was immediately started for the body.

Mr. MacKay, an elderly man, was well known in the city, having been for many years employed in the Dominion Government service.

ISLAND ENJOYS EXPANSION OF TELEPHONE USE

Increase in Telephones Indicates Victoria and Island Are Prospering

Sustaining the steady progress experienced in recent years, the telephone service of Victoria and Vancouver Island shows no sign of abatement being experienced by the average family, according to F. C. Peterson, island and commercial superintendent of the British Columbia Telephone Company.

"I have just returned from a tour of the island, and everywhere I found a steady expansion of our services," Mr. Peterson stated this morning. Pointing out that stationers rely upon telephone usage as an important index of prosperity, Mr. Peterson stated that island communities are all demanding enlarged telephone services.

The situation in Victoria is particularly noteworthy, inasmuch as the number of telephones now in use has increased by more than 100 in the last year.

"Victoria is holding its own very well at a time when many other coastal cities are showing a decline in the number of telephones in use," Mr. Peterson commented. The city exchange serves over 17,000 subscribers in Greater Victoria.

Leaving To-night For Vancouver, But Plans to Return Wednesday

After inspecting logging cars under construction at the Russell shops of the Esquimalt and Nanaimo Railway to-day, D. C. Coleman, vice-president, Canadian Pacific Railway western lines, expressed himself as being well satisfied with the progress of the work under the supervision of A. Sturrock, master mechanic.

Taken over the works at 11 o'clock this morning by J. M. Cameron, general superintendent of the E. and N. Railway, Mr. Coleman, who was accompanied by E. E. Nichols, managing director of the Winnipeg Tribune, was shown the completed car as well as the car under construction.

Under the appropriation made for the work, a minimum of 200 log-carrying cars of a special type of construction particularly adapted to operation on Vancouver Island, will be built here. About fifty men are employed at the Russell shops.

CARS DISPATCHED TO-DAY

Twenty-five cars were dispatched Up-island this morning and will be used by the Victoria Lumber & Manufacturing Company at Chemainus.

Asked if additional cars would be built here following the completion of the present order, Mr. Cameron admitted that it was possible. Other logging companies on the island have indicated a desire to use this special type of flat car.

Mr. Coleman said he planned to leave to-night for Vancouver, but would return here on Wednesday. He is addressing a luncheon of the Canadian Club at Vancouver. Mr. Coleman's party on this trip includes C. A. Cotterell, general superintendent of the C.P.R. B.C. division, Vancouver; George A. Allan, chairman of the Canadian committee of the Hudson's Bay Company; Mr. Nichols; T. C. McNab, engineer in charge of construction for the C.P.R. and W. J. Blake-Wilson of Vancouver.

Industrial Group Will Discuss Matter at Thursday's Meeting

Campbell River Power Rights Will Also Be Considered

The advisability of granting power rights at Campbell River will be discussed Thursday noon at a meeting of the Industrial group of the Victoria Chamber of Commerce in the Chamber dining-room, under the chairmanship of G. H. Stevens.

Consideration will also be given to plans to bring pressure to bear upon the Government to have built here two of the four ships for the Dominion Government—four for which tenders are being called.

The guest at the meeting will be Paul Sykes, Canadian Government Trade Commissioner at Hongkong, whose territory includes southern China, the Philippines, British North Borneo and Indo-China. Mr. Sykes will give a short address.

TO HELP TOTS' YULETIDE PARTY

Joseph North Offers to Call For Collection at Theatre Meeting

To aid the committee of unemployed which has advanced a proposal that a huge Christmas party be staged at the Armories or some other suitable place for all children unemployed in Victoria, Joseph North this morning offered to give the movement a start with an appeal for funds at the Playhouse Theatre on Sunday, December 7. On that occasion Mr. North will speak on "The Inside Police Commissionship and How Your City is Run." Tickets for reserved seats are being distributed and but fifty are left, Mr. North says. He expressed his willingness to have a collection taken at the meeting for the proposed fund.

ALL-CANADIAN ART EXHIBIT

B.C. Artists Invited to Send Works For Selection For Ottawa Show

The annual exhibition of All-Canadian Art will be held in the National Gallery at Ottawa during the month of January. This exhibition is composed of works selected from all over Canada, and represents the high water mark in Canadian art for the year.

The director of the National Gallery has appointed three British Columbian artists in the persons of F. E. Varley, A.R.C.A., T. W. Phipps and Charles H. Scott as a jury to select works from British Columbia for this exhibition.

British Columbia artists desirous of submitting works to the jury should send them to the National Gallery, 649 Seymour Street, Vancouver, on or before December 12. Such works must be delivered at the B.C. Art Gallery at the artist's charge and will be returned to the artist. The jury will select approximately twelve works from British Columbia. Selected works will be forwarded to Ottawa free of all charges.

BRITISH VARSITY MEN IN DEBATE ON WEDNESDAY

J. V. Fisher and H. Allan to Meet Noted Visitors in Public Argument

Much interest has been aroused in the debate on "That this house favors a tax on bachelors" which is to be given by a British University team on Wednesday evening at 8.15 o'clock at the Chamber of Commerce Auditorium. His Honor the Lieutenant-Governor will be present and Judge Lampman, Professor E. S. Farr and B. C. Nicholas will be the judges.

H. Trevor Lloyd, leader of the British team, is the nominee of the National Union of Students of England and Wales, while John Mitchell, the other visitor, is the nominee of the Students' Representative Council of Scotland. Mr. Lloyd is a vice-president of the National Union of Students of England and Wales. Graduating in geology and geography at the University of Bristol, he has spent the last year in doing graduate work in education. His original intention was to become a teacher in a Quaker educational school, but this has been modified. During the last three years, Mr. Lloyd has represented his university in many inter-varsity debates, in England, Wales and Ireland. He met the Canadian debating team at Bristol in the fall of 1929.

Although this is the first occasion on which Mr. Lloyd has been on this side of the Atlantic, he has spent many vacations in travelling on the continent of Europe and in the British Isles. In addition to debating, Mr. Lloyd has, during the period of his stay at Bristol, represented the university at association football. He was present at the International Council Meetings at Budapest in 1928.

Mr. Mitchell received his preliminary education at Egin Academy before proceeding to his course in Arts and Law at the University of Aberdeen.

He holds the University's degrees of A.B. and LL.B. and has been one of the most distinguished students of the Law School. Debating and public speaking have occupied most of Mr. Mitchell's time in undergraduate activities at the university. In his first year on the Students' Representative Council he held the office of Convener of the Law Faculty and was elected as one of the council's delegates to the annual Conference of the Students' Representative Councils of the Scottish Universities, and in the following year a striking tribute to his merit was made by the students when he was elected to the presidential chair of the Students' Representative Council.

Mr. Mitchell's work in politics has made his name widely known in the northeast of Scotland. He is at present chairman of the Aberdeen University Students' Association, and was chairman for 1929 of the South Aberdeen Junior Unionists Association, a prominent ex-mural organization numbering many students among its members. He has further represented the University Unionist Association of the Students' Representative Council of the University of Great Britain (for Great Britain) of University Conservative and Unionist Associations.

BY-LAWS BEFORE COUNCIL TO-NIGHT

Two money by-laws will come before the City Council this evening for second reading, preparatory to submission to the ratepayers at the polls next month.

Borrowing of funds for the purchase of new equipment for the fire department and for the construction of new buildings at Willows Agricultural grounds is proposed by the measures which will be given final passing by the council next week if they survive the committee to-night.

The fire loan by-law would raise \$40,000 for three new trucks and other general equipment. Under the Willows scheme an expenditure of \$70,000 is planned, and of this amount the city would pay half, the remainder coming from the Provincial Government over a period of years.

FIRE RAZED LAKE HOME OF L. ASHBURNHAM

Lake Cowichan, Nov. 24.—A disastrous fire occurred on Friday evening when Mr. and Mrs. Lawrence Ashburnham suffered the loss of their home and the entire contents.

The fire, it is presumed, started in the furnace room, and when discovered, it was already too late to save anything, as the residence, a sixteen-room abode, was far from other habitations, being some four miles up the lake on the south side.

The family had resided in that home for seventeen years. The building and its contents was valued at \$18,000 and was only partially covered by insurance.

Mrs. Ashburnham and her daughter Doreen have arrived in Victoria and are staying with friends. Mr. Ashburnham is still at the scene of the fire.

Well-known Member Of Women's Lodges Died Here To-day

The death took place this morning at the family residence, 806 Craigflower Road, of Mrs. Florence White, widow of John White. Mrs. White was 72 years of age.

There survive two sons, John and Raymond; one daughter, Annie Irene; her father, Thomas White, was a well-known Victoria business man. At home, two brothers, Dr. Percival Spence of San Francisco, and Raymond Spence of the wireless department at Esplanade Point, and a sister, Mrs. E. J. Spence, Esplanade Point.

The remains are resting at the Sands Funeral Chapel and the funeral will take place on Wednesday afternoon, the cortege leaving the chapel at 1.45 o'clock and at 2 o'clock services will be conducted at St. Barnabas Church by Rev. N. E. Smith. The remains will be cremated.

FORMER SEALER DIED SATURDAY

The death occurred on Saturday, at the Royal Jubilee Hospital, after a short illness of William Anderson, 1727 Davie Street.

Born in Newfoundland, seventy-seven years ago, the late Mr. Anderson had resided in this city for forty years. He was for many years engaged in the sealing industry.

He is survived by three nieces, Mrs. A. K. Billard, Esplanade Street; Mrs. G. N. Joyce, Everett, Wash. and Mrs. T. J. Cawker, Vancouver; two brothers, T. J. Anderson, Dallas, Tex., and John Anderson, Burgo, Newfoundland, and two sisters, Mrs. Tobin, St. Johns, Newfoundland, and Mrs. M. J. Collier, Burgo, Newfoundland.

Funeral services will be held Tuesday afternoon at 2.30 o'clock at the parlors of the S. J. Curry & Son Funeral Home. Rev. James Hood will officiate, and interment will be in the family plot at Royal Oak Rural Park.

OBITUARY

The remains of Mrs. Louise Ellen Corbett were laid to rest in the Royal Oak Rural Park Saturday afternoon, services being held at the S. J. Curry and Son Funeral Home, at 2 o'clock. Many sympathizing friends were present. Canon A. E. de L. Munns officiated and the pallbearers were: George Jones, J. Muirhead, Edward Jones, J. M. Findlay, E. M. Groutage and F. Holmes.

The remains of Robert Muirfoot Wilson were laid to rest in the Royal Oak Rural Park Saturday afternoon, the funeral taking place from Haywards' Funeral Chapel at 2 o'clock. Rev. Dr. W. G. Wilson officiated. The hymns sung were "Jesus, Lover of My Soul" and "Nearer, My God to Thee." H. Pearson represented Britannia Branch of the Canadian Legion. The following officiated as pallbearers: D. Randall, F. C. Shade, A. McKinnon, T. McDonald, and J. Muirhead.

Mrs. Emily Jane Russell, wife of James John Russell of Salt Spring Island, passed away in this city yesterday, aged seventy-three years. She was born in Cuckfield, Sussex, and resided in this Province for thirty-two years. She leaves to mourn her loss her husband, three daughters, Mrs. G.

It Is Hard to Say Whether Men or Women Are Vainer, but This at Least Can Be Said for Women: They Don't Develop Swelled Heads Simply Because They Were Born of the Feminine Persuasion

WHICH are the vain, men or women? Each shouts at the other: You are! which is about as convincing an argument as it is for the pot to reproach the kettle with its blackness. Both sexes are filled with self-admiration, which is a merciful dispensation of Providence. For if the best of us could see ourselves as others see us, and as we really are, we would die of chagrin.

Vanity is God's consolation gift to imperfect humanity, and the more we need it the more lavishly it is bestowed upon us. No sage esteems himself so wise as does the fool. No wit laughs at his own jokes so loudly as does the dullard. The President of the United States is not so uplifted by his office as the Justice of the peace. Many a homely, dumpy little woman wonders what would have happened to Dolores Costello and Billy Dove if she had gone into the movies, and, generally speaking, the less people know, the more absolutely sure they are of their judgment.

This is well. It enables us to live in contentment and happiness, for if we are perfectly satisfied with ourselves we are just as well off as if we were what we think we are. If we give ourselves the glad hand we fall to notice that a captious and critical world fails to join in the round of applause.

So far from deprecating vanity, I consider it a highly desirable adjunct of life, and this is the case whether you consider it as an all-round, an ennobling, or just as a dispenser of joy. Furthermore, I am always thankful to know that men have not been able to monopolize this blessing as they have so many other privileges and prerogatives, but that women share equally in it.

So, taking it by and large, it would be hard to say whether men or women are the vainest, but it is interesting to observe the different ways in which vanity manifests itself in the two sexes.

Men have a curious sex vanity which women have not. No woman has the swell head over the mere fact of belonging to the female contingent, but the thing that a man is prouder of than he is of anything he ever achieves by his brains or brawn is having been born of the masculine persuasion.

Every man thinks that just being a man makes him a superior being, no matter how dull and weak and sickly he may be. The most ignorant down-at-the-heels hobo who begs for food at a kitchen door looks down with contempt upon the most brilliant and highly cultivated and famous woman, and he wouldn't change places with her if he could. I have known many a man who couldn't make a living and whose wife supported him, give her advice about what she should do with the money she earned, and expect her to look up to him as an oracle just because he wore breeches instead of skirts.

Men are vain about their powers of personal attraction than women are. Practically every man secretly believes himself a whiz, and that he could get any woman to whom he throws the handkerchief. Moreover, men believe that they never lose the power of fascination, and that age cannot wither nor custom stale their charms. Every day we see this illustrated by rich old men who marry girls young enough to be their granddaughters and who have never a suspicion that they are being married for their money and that flappers do not prefer them to boys of their own age.

Women have no such vanity as this. They don't befool themselves into thinking that they are sirens who can put a spell on every man and make him pop the question. On the contrary, they know good and well that it is an even break nowadays whether a girl gets a husband or a spinster's ticket. Very few old millionaires marry boy husbands, but when they do they are not besotted enough in conceit to think that they are being married for love alone. They know it is their pocketbooks.

Men are also vain about their ability to hold love than women are. Every man believes that once he wins a woman's heart he can't lose it, and that having once loved him she is bound to go on loving him to the end of the chapter. He may degenerate into a disgusting drunkard. He may flaunt his infidelities in her face. He may get fat and bald and bay-windowed and go around slouchy and dirty. He may be cross and surly and gloomy and grouchy, and about as pleasant in the house as a sore-headed bear. No matter, he is perfectly certain that his wife still adores him, and looks upon him as an answer to a maiden's prayer.

You never hear of men when they meet together discussing how to keep their wives in love with them, yet how to retain husband's affection is a burning topic of conversation where two or three women meet for a heart-to-heart talk. You never see a man doing without the things he likes to eat and counting his calories in order to keep the boyish figure his wife fell in love with, yet half the married women in the country are starving themselves into anemia trying to look flapperish for their husbands.

You never see men reading up on the topics that women are interested in so that they can keep their wives interested and willing to stay at home at nights, yet millions of wives wade through the stock market and the sports page that bore them stiff so that they can hand out an entertaining line to husband.

And finally, men's vanity makes them believe that every woman is dying to hear them talk about themselves, and that she listens, with bated breath, to all the details about how they sold a bill of goods, or their make of car, or their golf score, but no woman on earth is vain enough to think that any man will stand for her talking about herself.

Vanity of vanities, saith the preacher, all is vanity. And a good thing, too, for when we have plenty of vanity we have everything. DOROTHY DIX.

New Liner Will Take Special Europe Tour

Libera Line Ss. California, on Maiden Voyage, to Take Conducted Party

Formerly a Cunard Liner, Reconditioned Ship Will Be Largest One on Canal Route

Details of the first European tour from the Pacific Coast of the new Libera Line California in January were received in Victoria this morning by local shipping agents from the Empire Shipping Company in Vancouver. British Columbia agents for the line. The California was formerly the Cunard liner Albania, and in her new service will ply between the Pacific Coast and the Mediterranean. She is scheduled to pass Victoria on her way to Vancouver on January 20 on her maiden voyage from Europe. On her return to Europe the California will take a specially conducted tour party, the first of its kind from the Pacific Coast through the Panama Canal.

Passengers on this tour will board the California at Vancouver, Seattle or Portland. The tour itself will commence at San Francisco on January 28, February 22, after leaving the California an interesting itinerary through southern Europe has been planned. Stops and visits will be made at Cadix, Seville, Cordova, Granada, Madrid, Barcelona, Nice, Genoa, Pisa, Rome, Naples, Sorrento, Assisi, Perugia, Siena, Florence, Venice, Milan, Stresa, Paris and London. Return across the Atlantic will be made aboard the new French motorship La Fayette, arriving in New York on April 16.

It is interesting to note that the new California also reached Victoria this morning. She will be the largest ship using the Panama Canal route to and from the Pacific Coast to Europe. She will have a large dining salon with gallery, the decoration of which will take the inspiration from the interior of a gallery of the XVI century, with motifs of decoration and of architecture in modern style and with intonation of lights and colors which will form a complex absolutely original and harmonious. The entire decoration of this room and the design of the relative furniture is due to one of the most famous of living Italian painters, Amelino Bucci. On the front wall of the superior lodge of the dining salon will be placed a big triptych painted in oil on canvas, illustrating the Dante's verse, "It was the time that inclines the navigators to the desire" in three epochs, Roman, middle-age and modern. The wall of the grand staircase, giving access to the salon will have a painting, reproducing the gold-seekers crowding together downward in the search of the precious metal, not noticing the summit, California, the promised land, represented in a fa-

On the promenade, deck back of the dining salon lodge, will be the library, and the ladies' salon, both in modern style, a large music salon with the bar, and the hall decorated in male-oak with simple architecture motives of medieval taste.

On the promenade deck will be placed thirteen de luxe cabins, each with private bath and two beds. Practically all first class cabins will be furnished with bath or shower. All the rooms will have forced air ventilation system, while the dining salon ventilation will be done with refrigerated air. In winter heating will be done by hot air. Further conveniences will be a barber service and a coiffure for ladies, a big swimming pool with the level of the water reaching the life-boat's deck, deck games and a movie. The second class will have all the cabins with two lower beds being how ever able to transform each into a cabin of three or four berths.

POLICE CHIEF IS KILLED IN POLISH ELECTION FIGHT

Warsaw, Nov. 24.—A police chief was killed in Upper Silesia yesterday during a demonstration connected with the election of a provincial diet. Other minor disorders occurred in the former German province, with several minor casualties reported.

Around the Docks

LOADING LUMBER

The freighter Columbia was to-day loading 850,000 feet of Vancouver Island lumber at the Ogden Point piers for New York and Boston. She expects to clear late this evening and proceed direct to sea. She docked at midnight from Vancouver. King Brothers are handling her during her stay here.

DUE TO-MORROW

From Europe by way of the Panama Canal and California ports, the Holland America freighter Emdyk is expected at the Riber piers some time to-morrow morning. She left San Francisco at 1 o'clock Saturday afternoon, A. P. Moffat, local agent, who will proceed this morning for Victoria the Emdyk has 200 tons of general cargo and before proceeding to Vancouver will load fifty tons here for the return voyage to Europe.

STILL ANCHORED

The freighter Titian was still anchored off Albert Head early this afternoon while members of her engine staff repaired a slight mishap to her engines which developed when she was leaving William Head on Saturday afternoon for Chemainus. It is expected she will proceed to the Up-Island port late this afternoon. After completing at Chemainus the Titian will come to Victoria to load lumber.

DUE TO-NIGHT

To-night at 9.30 o'clock is the time set for the arrival here of the Pacific Steamship Company's liner Dorothy Alexander from San Diego, Los Angeles and San Francisco. She will proceed to dock at midnight after leaving passengers and cargo here. The Dorothy will be here again on Wednesday evening on her return to California ports.

FROM THE ORIENT

Three liners are due this week from the Orient. They are the American Mail liner President Madison, which will dock on Friday evening, the Canadian Pacific liner Empress of Russia, which is due on Saturday morning and the N.Y.K. liner Mishima Maru, which is also scheduled to dock on Saturday from across the Pacific.

BEING REPAIRED

The small motorship Patco is now on the slipway at the Point Hope yard for repairs following her grounding near the entrance to Sooke Harbor last week. She was bound for Uclulet, where she was engaged in fish packing. Damages sustained by her are confined mainly to the keel, a survey this morning by H. A. Barnett revealed. The Patco will be remembered locally as the Sir John Jackson, and was well known here during the building of the breakwater.

LOADED OIL HERE

The motorship Delitdyk of the Holland-America Line proceeded to Seattle at midnight last night from the Ogden Point piers after taking on 400 tons of fuel oil here for Europe. She arrived from Vancouver at midnight on Saturday and worked all day yesterday. From Seattle she will proceed to California ports en route to Europe.

OUT THIS WEEK

Ships out this week include the Canadian Pacific liner Empress of Canada, which will leave for Honolulu and the Orient on Thursday afternoon, and the American Mail liner President Lincoln which will sail on Saturday afternoon. Both ships will take out large lists of passengers for ports across the Pacific.

AUSTRALIAN SHIP PURSER ROBBED

Sydney, Australia, Nov. 24.—While 250 passengers were dancing on the deck of the liner Cathway, two robbers entered the purser's cabin, twenty yards away, knocked the purser unconscious and took about \$1,800 from the safe.

ALASKA STORMS BUFFET SHIPS ON WAY SOUTH

Small Trading Ships Nearly Aground in Storm; Northwestern Arrives in Seattle

Dutch Harbor, Alaska, Nov. 24.—Oil spread on the stormy sea by a broken fuel pipe of the trading ship Arcturys J. Baldwin during heavy weather, while towing the fifty-foot motor vessel Silver Wave from Kotzebue, aided in fighting a battle against drifting ashore.

The two left here Friday for Seattle. Shortly after leaving Kotzebue several days ago a heavy storm broke, with rain, sleet and a fuel oil line breaking. Oil spread over the ship and on to the sea. The Baldwin, unable to head to the storm, threatened to drift ashore and the heavy gear became unmanageable. The storm abated in time to save the vessels.

Two women were among the twelve passengers on the Baldwin. It was the last ship to leave the Bering Sea this fall.

Seattle, Nov. 24.—Completing one of the longest and most difficult tows on the Pacific Coast, the giant tug Creole and Douglas reached here safely Saturday evening with the Alaskan liner Northwestern, which lost its rudder in a storm recently. The tow from Dundas Bay, about 1,000 miles, was made in blinding snowstorms and heavy gear. Once the Northwestern's side was stove in by one of the tugs during this rough weather.

The liner Victoria, back from its last voyage of the year to the Bering Sea and Nome, left Saturday for southeastern and southwestern Alaska, taking the place of the Northwestern.

A much longer tow was under way to-day with the steamer Arthur J. Baldwin heading here with the little motor vessel Silver Wave, which it has towed from Nome. They left Dutch Harbor Saturday.

MAN THROWN FROM BRIDGE OF STEAMER

West Vancouver Ferry Bumps Derelict Scow in Vancouver Harbor in Fog

Vancouver, Nov. 24.—Bound in from West Vancouver, ferry No. 5 collided yesterday evening, at 8.45 o'clock, with a derelict scow at 8.45 o'clock yesterday evening. A dense fog prevailed at the time.

The impact was so great that Capt. R. N. Taylor, mate, who was on lookout forward, was thrown overboard. He quickly scrambled back aboard the ferry, unharmed with the exception of a crushed hand.

The accident occurred about mid-way between Burnaby Shoal and the Vancouver wharf of the ferry company at the foot of Columbia Avenue.

There were few passengers aboard the ferry when the crash occurred, ferry officials say, and there was no panic. The boat proceeded to her Vancouver berth under her own power. Her bow is slightly damaged.

Dense fog enveloped the harbor Sunday night from 7 o'clock. Several inbound vessels were forced to anchor in English Bay. The fog continued thick this morning.

SAN FRANCISCO SHIPPING

San Francisco, Nov. 24.—The discarded David Dollar, formerly the Thielbeck, was sunk in the mud at the southwest end of the Alameda airport yacht harbor yesterday. A house for yachtsmen will be built on the decks of the old hull. The sunken craft will also serve as an outer protection for the harbor.

For three consecutive days an offshore arrival is due at the Dollar docks early this week. To-day the world liner, President Adams, is to dock. Wednesday the President Cleveland is scheduled to come in from the Orient.

San Francisco, Nov. 24.—On the success of the 22,000-ton liner voyage December 10, plans of future passenger and freight service development of the Libera Line in its Pacific-European service. Tentative plans call for construction of two motor liners to operate with the big passenger and freight carrier. The California is due to arrive in San Francisco January 6, on her maiden voyage from Genoa.

SEATTLE SHIPPING

Seattle, Nov. 24.—Believed the first cargo of its kind ever to be brought here, 2,500 tons of anthracite coal from Port Canby, French Indo-China, will arrive here December 5 on the liner Benmachdul, in the round-trip service for the Canadian-American Shipping Company, D. R. Girwood, manager, said.

It was believed similar cargoes would follow the December 5 arrival. Then Benmachdul will show wheat, lumber and general for Rotterdam and Leith. The Washington, of the French Line, and the Lema, of the Italian Line, will be December arrivals. Both will show reefer space to capacity with Washington, apples, besides usual consignments of lumber and general.
